6-IT-MOD. DEPARTMENT OF INFORMATION TECHNOLOGY *(cont'd)*

Remarks: Reference is made to DoIT Item 1-IT (1/25/2017) and DoIT Item 3-IT (3/8/2017) in which the Board of Public Works approved adding 253 vendors, collectively, to the CATS+ Master Contract via the first expansion window in the following 17 functional areas:

DoIT is seeking approval to add 83 offerors to the CATS+ Master Contract. These contractors submitted proposals on time; however, they were not presented to the Board of Public Works at the earlier meetings because some vendors had issues with tax clearances or DoIT needed time to complete financial review and reference checks for these proposals. Technical and financial evaluations for these offerors are now complete. DoIT seeks to add these offerors to the CATS+ Master Contract. Out of the 83 recommended offerors, 37 are Maryland businesses, 15 are small businesses, and 26 are MBEs.

There are an additional 7 offerors that may be added to this expansion window once DoIT completes the remaining financial evaluations, . . . , in-process cures, and receives notification that the offerors are either in good standing with SDAT or have properly registered to do business with the State. DoIT will return to the Board seeking approval for additional awards.
