**Amendment #7 to
Request for Proposals (RFP)
Cable & Wiring Project No. 050R6800016
October 24, 2006**

Ladies/Gentlemen:

This Amendment is being issued to clarify certain information regarding the assignment of Small Work Orders to Master Contractors under Functional Area I as contained in the above named RFP. The amendment is intended to make section 2.9.1A of the RFP consistent with Section 1.1.3. This amendment is being issued only to those Offerors being recommended for award as a Master Contractor for Functional Area I. The specific part of the RFP amended is detailed below. The clarification is marked with text underlined if it is new and crossed through if it has been deleted. This marking will help you more easily identify what has changed.

- Delete the last sentence in the RFP Section 2.9.1A (~~“If the highest ranked Contractor is unavailable for any reason whatsoever, then the request for quotation will be sent to the second highest ranked contractor and so forth until an available contractor accepts.”~~) and replace with the following: “If that Contractor is unable to perform the work, then the request for quotation will be sent to the Contractor who is the next lowest price proposed at the Master Contract level and so forth until an available Contractor is found.”

Date Issued: October 24, 2006
