1 Minimum Qualifications

1.1 Offeror Minimum Qualifications

There are no Offeror Minimum Qualifications for this procurement.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1** In 2011, the Department of Information Technology (DoIT) awarded the eGovernment contract to a contractor that currently provides over 100 services (refer to Appendix #3 – eGov Applications Catalog) across Agencies throughout the State of Maryland. The contractor provides all hardware, software, project management, design, application development and maintenance, hosting, payment processing, marketing, and customer support necessary for the success of eGovernment. Currently, the services code is proprietary and is not in an open source platform. Additionally, the incumbent contractor also provides the Merchant services for financial transactions. For any contract awarded as a result of this RFP, the selected firm will be required to use the existing State Treasurer’s Office Merchant Services contract with BB&T, now Truist, for processing of credit card payments, which can be found at: treasurer.state.md.us/procurement/ms_10052018.aspx.
- 2.1.2** The funding to support the services is based on various fees leveraged by the contractor for use of these services. In its proposal, the Offeror will propose a fee structure that results in the system being entirely self-funded, that is, the State will not provide any additional funding to the contractor beyond what is collected through the system.
- 2.1.3** The Contractor will be required to take over the hosting services currently provided by the incumbent contractor. The migration of these services might require the redevelopment of some of the services from inception.
- 2.1.4** The Department of General Services, acting on behalf of DoIT, is issuing this Request for Proposals (RFP). The Department intends to make a single award in response to the RFP. As necessary, the successful contractor will transition the services listed in Appendix #3 to a hosting platform, including all hardware and software, approved by the State; provide project management; provide application design, development, operations, and maintenance for existing and new services; provide multi-channel customer Services support; and provide strategies to effectively utilize the portfolio of services listed in Appendix #3. Payment processing will be provided using the State’s Merchant Services contract.
- 2.1.5** It is the State’s intention to obtain goods and services, as specified in this RFP, from a Contract between the selected Offeror and the State.
- 2.1.6** The Contract will require the establishment of the following types of transactions:
- 2.1.6.1 The ability for State government to send requested information or documents electronically to multiple devices.
 - 2.1.6.2 The ability for State government to process interactive applications for licenses, permits, and other government documents, to sell goods and services by interactive applications, and to receive electronic documents for filing from regulated entities that, when a signature is necessary, can be electronically signed by the regulating State agency.
 - 2.1.6.3 The ability for the State to receive required payments electronically in conjunction with the State’s Merchant Services contract.
- 2.1.7** An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

- 2.1.8** Maryland State and local entities as defined in Finance and Procurement 13-110(a)(5)(i) and not-for-profit entities within the State of Maryland may purchase from the Contractor goods or services covered by the Contract at the same price chargeable to the State. All such purchases by non-executive branch entities, non-State governments, government agencies, of not-for-profit entities:
- A. Shall constitute Contracts between the Contractor and that government, agency, or not-for-profit entity;
 - B. Shall not constitute purchases by the State or State agencies under the Contract;
 - C. Shall not be binding or enforceable against the State; and
 - D. May be subject to other terms and conditions agreed to by the Contractor and the purchaser.
- 2.1.9** All Contract prices, terms, and conditions must be provided to any Maryland local government or not-for-profit entity requesting services under the Contract. The Contractor bears the risk of determining whether or not a government, agency, or organization with which the Contractor is dealing is a State entity.

2.2 Scope of Work

Services to be provided include, but are not limited to:

- 2.2.1** Hosting services, including all hardware and software, for all current and future services in the eGov Applications Catalog.
- 2.2.2** Providing program and project management services in support of the delivery of the services in the eGov Applications Catalog.
- 2.2.3** Providing application design, development, security, operations, and maintenance services for existing and new services.
- 2.2.4** Providing a multi-channel 24/7 helpdesk to provide customer service support to Customers and Agencies.
- 2.2.5** Providing strategies to effectively utilize the portfolio of services listed in the eGov Applications Catalog.
- 2.2.6** Assisting the State in marketing the State's eGovernment services in a variety of ways to increase use of the services it offers.
- 2.2.7** Rapid migration/conversion of existing eGovernment portfolio to the new hosting platform, in an order defined by the State, while maintaining regulatory compliance and business objectives of each service.
- 2.2.8** Continuing integration of the State's current portal (<https://businesssexpress.maryland.gov/>) and corresponding agency web pages. The Contractor shall work with the State to ensure that the look and feel of the platform closely match the OneStop portal (<https://onestop.md.gov/>).
- 2.2.9** Providing retention of all State data and metadata associated with provision and operation of the services provided to a State designated data platform on a near real time basis.

2.3 Management, Administration, and Governance

- 2.3.1** The Contract will be managed by DoIT. DoIT will provide the appropriate guidance and oversight to assure that the Contractor is performing the required scope of work, adhering to all terms of the Contract, and supporting the goals and objectives of the self-funded eGovernment initiative at the Contract level.

- 2.3.2 The State will designate a day-to-day Contract Monitor. The Contract Monitor will serve as a liaison between the Master and the State for the use of the Self-Funded eGovernment Contract.
- 2.3.3 The Contractor must designate a full-time Client Manager who will be responsible for all Contractor services performance under the Self-Funded eGovernment Contract. The Client Manager shall meet regularly with the Contract Monitor to review the status of planned eGovernment services, customer service activity, customer satisfaction survey results, and any issues that need addressing by the State.
- 2.3.4 The Contractor will advise the State of any legislation that may impact the State's eGovernment objectives or applications as well as any legislation that may be needed to facilitate the achievement of the State's eGovernment objectives throughout the life of the Contract. Enhancements may be required to maintain regulatory and business objectives.
- 2.3.5 The Contractor shall assist the State in locating and re-structuring duplicate or redundant information, data, and services that are delivered to overlapping customer bases.
- 2.3.6 The Contractor shall assist the State in combining information into a single system to improve customer service and raise program efficiency.
- 2.3.7 The Contractor shall provide mechanism(s) for the State to be able to connect to the database via Application Programming Interfaces (API). The Contractor shall provide clearly defined API documentation for the State to connect and read information such as reservation information, revenue information, transactions, and other pertinent statistics should the State prefer to do the electronic report and management outside the system. The Contractor shall ensure that the APIs provide real time access to the system for potential future integration work with other State systems, such as the Maryland OneStop Portal (<https://onestop.md.gov/>).
- 2.3.8 The system shall supply self-service password/account reset capabilities for end users as well as staff. Any possible single sign-on integration capabilities are highly preferred.
- 2.3.9 The test environment should be synchronized with the production environment in terms of features and functionalities and furnished with test/sample data.

2.4 ePayment and Merchant Services

- 2.4.1 All ePayment and Merchant Services will be done in conjunction with the State's Merchant Services contract and the State Treasurer's office.

2.5 e-Government Services/Self-Supporting Service Model

- 2.5.1 The Contractor shall provide basic services that will assist the State in the delivery and marketing of effective eGovernment applications.
- 2.5.2 The State recognizes the distinction between web-based solutions that include Interactive Voice Recognition (IVR) capability and those that do not. The combined use of a web-based application and IVR will be optional depending on an agency's specific requirements.

2.6 Marketing and Communications

- 2.6.1 The Contractor shall provide experienced marketing, communications, and business development resources as part of the self-funded model, at no cost to the State, to design and implement a marketing and communications plan. The plan shall incorporate social media channels. The plan will outline ways to create awareness, build support, and accelerate the interest and use of online services as well as the visibility of Maryland.gov as a primary delivery channel for those services. Work in this functional area includes guiding the State's presence in the various social media

channels and multi-media information. The plan shall contain specific strategies and tactics, with anticipated measurable outcomes (e.g., numbers of new users or new transactions per unit time) and specific implementation timelines. Examples of Potential Services include but are not limited to:

2.6.1.1 Marketing and publicity associated with the implementation of new online services to include notification through emails, web banners, or other collateral materials, and Public Service Announcements.

2.6.1.2 Web 2.0 technology such as blogs, wikis, video, social networking sites, widgets, and mashups.

2.6.2 Usage Statistics and Analysis. The Contractor shall provide software tools and reports that analyze customer and citizen demand for products and measure adoption rates and customer satisfaction with online services. The Contractor shall continually evaluate and highlight customer interest, demand, and satisfaction as the drivers and measure of success for visibility of Maryland.gov and affiliated State Agencies.

2.7 Reports

Reporting is necessary in order for the State to understand how eGovernment services and data are being accessed, how services and data need to be organized to more effectively meet the needs of the public, and the amounts the Contractor is collecting for services provided. The Contractor shall provide the following:

2.7.1 Unrestricted access to data and API access.

2.7.2 Utilization Reports that include, at a minimum, the following:

- A. Number of business/services transactions by application and in total for the State.
- B. Number of visits to the State's and each Agency's eGovernment website.
- C. Number of visits to Premium services by application.
- D. Number and types of forms/reports requested by Customers.
- E. Number of subscribers by type and number of transactions each subscriber makes per application.
- F. Customer feedback and on-line survey reports, including requests for future services.

2.7.3 Customer Satisfaction and Adoption Reports that include, at a minimum, the following:

- A. Customer Satisfaction: The implementation of electronic delivery seeks to enable business with government to be more effective and efficient in the following ways:
 - 1. Easily locate information.
 - 2. Conduct business transactions.
 - 3. Availability of services around the clock.

2.7.4 Financial Reporting that includes, at a minimum, the following:

- A. A monthly portal clearing account reconciliation.
- B. A monthly financial statement.
- C. A monthly tie-out of transactions by funding model: types, by Agency, by service code, and that includes the fee amount, chargebacks, and returns on a monthly basis.

- D. A quarterly Financial Statement and Program Manager’s Report.
- E. A weekly Operational Status Report.
- F. Monthly income statements, cash flow statements, and other reports reasonably requested by the State regarding the operation of the State’s eGovernment services.
- G. Quarterly financial statements (unaudited, but presented in accordance with Generally Accepted Accounting Practices (“GAAP”)) and annual audited financial statements of the Offeror showing revenues of all eGovernment activities related to this Master Contract, and demonstrating that the Contractor has maintained positive net worth and such additional capital and liquidity as are reasonably adequate for the continued operation of the portal initiative.

The Contractor’s accounting system shall include a numbered chart of accounts, books of original entry of all transactions, appropriate subsidiary ledgers, a general ledger that includes to-date postings, and an audit trail through financial statements. The Master Contractor shall use the State fiscal year ending June 30 for reporting purposes as noted above.

2.8 Auditing Requirements

- 2.8.1** The Contractor shall annually engage an independent accounting firm to perform an Agreed Upon Procedures Engagement, conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, that is to include procedures to test transaction fees paid by State Agencies pertaining to services provided under this Master Contract. DoIT and Contractor shall develop and agree upon the procedures to be performed prior to the Contractor engaging an independent accounting firm. DoIT will be a specified party to the report so that it may receive a copy. The report will cover the 12-month period ending each June 30 and will be provided to DoIT no later than 30 days after the report is received by the Contractor.
- 2.8.2** The Contractor shall provide a Payment Card Industry (“PCI”) Data Security Standards (“DSS”) Attestation of Compliance (“AOC”) covering any subcontractor-managed hosting environments. The audit results and the Contractor’s plan for addressing or resolution of the audit results shall be confidentiality shared with DoIT within 60 days of the Contractor’s receipt of the audit results.
- 2.8.3** The Contractor shall cause a third-party assessment to be performed to demonstrate that the Contractor meets the Contractor’s security polity and NIST 800-53 Rev 5 controls. The attestation letter from the third party assessor, and the Contractor’s plan for addressing or resolution of audit results shall be confidentiality shared with the Department within 60 days of the Contractor’s receipt of the audit results.
- 2.8.4** The Contractor shall ensure that any financial accounting for fixed and capital assets or assets management performed under any Work Order Agreement, shall comply with Government Accounting Standards Board Statement No. 34 (GASB 34). See [applicable accounting principles list](#) and [Comptroller’s Accounting Procedures Manual for the Use of State Agencies](#).
- 2.8.5** In addition, the Contractor shall provide to the State:
 - A. A copy of its annual audit.
 - B. A summary of any audit findings that affect the Maryland operation.
- 2.8.6** A Certified Public Accountant (CPA) licensed in the State of Maryland will perform the required audits. The CPA must be approved by the Contract Monitor. The Contractor agrees to participate and make changes in conjunction with any State-mandated audit.

2.8.7 To the extent the audit report discloses any discrepancies in the Contract's charges, billings, or financial records, the Contractor shall adjust the next regular payment to the State and appropriate agency as soon as reasonably possible but not to exceed ninety (90) calendar days.

2.9 Acceptance Testing

Following Contractor notification to DoIT that any component or deliverable under the Contract has been completed, DoIT, with such assistance from Contractor as is reasonably requested, shall begin testing ("Acceptance Testing") the component or deliverable to determine whether such component or deliverable conforms to the applicable specifications and standards (collectively, the "Acceptance Criteria"). After DoIT has completed Acceptance Testing or upon expiration of the agreed-upon testing period (the "Acceptance Testing Period"), DoIT shall notify Contractor in writing that either:

- A. The component or deliverable meets the Acceptance Criteria and that acceptance of such component or deliverable has occurred ("Acceptance"); or
- B. The Acceptance Criteria have not been met and the reasons therefor.

In the event the Acceptance Criteria are not met, Contractor shall use its best efforts to remedy any failure in performance and notify DoIT when remedied and the component or deliverable will be retested in accordance with the provisions hereof. If the component or deliverable is identified as being part of a larger, integrated application being developed hereunder, then any Acceptance under the terms of this subsection shall be understood as being conditional acceptance ("Conditional Acceptance"), and such component or deliverable shall be subject to Final Acceptance in accordance with these provisions.

2.10 Integration with Legacy Systems

Integration with legacy systems is critical to the success of the State's efforts to provide web access to government services and information. These two areas of interface to address are:

2.10.1 Data Editing. The decision to use off-line or on-line transaction verification processing will be determined for each application based upon documented factors related to the impact to existing application processing, protection of data, and changes required for the legacy systems. The agencies, in consultation with the Contractor, will determine the most appropriate method of data editing.

2.10.2 Updating Legacy Data. The State is responsible for all production database updates. The State, in consultation with the Contractor, will determine the most appropriate interface from which updates can occur. The update format may be batch data entry record format or any on-line transaction that will be processed by the legacy update application or some other method acceptable to the State. The Contractor will not manage or host legacy databases and data sets that support legacy applications.

2.11 Shared Applications

The State expects that a number of core applications will be shared by some applications that are developed for the State. The Contractor will be responsible for the building of those core modules that can be reused by all on-line applications, including but not limited to:

- A. Security and authentication services.
- B. Issuance of confirmation.
- C. Management, storage, and presentation of on-line forms.
- D. Search engine services.

- E. On-line help and customer service capabilities.
- F. Receipt of electronic revenues.
- G. Encryption services.
- H. On-line publication services.
- I. Connectivity services.
- J. Interfaces and protocols for integrating with back-end systems shopping cart.

2.12 Contractor-Proposed/Supplied Hardware, Software, and Materials

- 2.12.1** The State will have the right to purchase any proposed software, hardware, or hosting service from a source other than the selected Offeror that can be used for these eGovernment services.
- 2.12.2** The State shall be permitted limited user-specific application configuration settings.
- 2.12.3** All Upgrades and regulatory updates must be provided at no additional cost to the State for the term of the contract.
- 2.12.4** The Contractor shall install and provide all documentation for the software furnished under the Contract.
- 2.12.5** The Contractor shall prepare software releases and stage at DoIT for validation in the system test environment. DoIT will provide authorization to proceed. DoIT will have the ability to manage the distribution of these releases to the appropriate sites. To support this requirement, the Offeror shall propose, provide, and fully describe their solution for updating all sites with any new software releases or enhancements.

2.13 Required Project Policies, Guidelines and Methodologies

The Contractor shall be required to comply with all applicable laws, regulations, policies, standards, and guidelines affecting Information Technology projects, which may be created or changed periodically. Offeror is required to review all applicable links provided below and state compliance in its response.

It is the responsibility of the Contractor to ensure adherence and to remain abreast of new or revised laws, regulations, policies, standards, and guidelines affecting project execution. These include, but are not limited to:

- A. The State of Maryland System Development Life Cycle (SDLC) methodology at: <http://doit.maryland.gov/SDLC/Pages/agile-sdlc.aspx>;
- B. The State of Maryland Information Technology Security Policy and Standards at: <https://doit.maryland.gov/policies/Pages/default.aspx>;
- C. The State of Maryland Information Technology Non-Visual Standards at: <https://doit.maryland.gov/policies/Pages/nva.aspx>;
- D. Accepted best practice as dictated by industry norms and authority covering the entirety of the project scope.
- E. DoIT Policy #20-016 – Covers open source technology architectural requirements and standards.

2.14 Product Requirements

- 2.14.1** Offerors may propose open source software; however, the Offeror must provide operational support for the proposed software as part of its Proposal. If Offerors propose open source

technology, then the Offerors must propose products and solutions that are based on proven, non-proprietary (open source) products and methods. Offeror must provide a total cost of ownership estimate for the open source products and methods that are proposed. An explanation will be provided by Offerors if proprietary products or solutions are proposed, along with estimates regarding implications for total cost of ownership, support by other vendors, and integration/interoperability with related products, methods, and solutions from other vendors.

- 2.14.2** Offeror shall be authorized to furnish the proposed goods and services. Offerors proposing to resell services of another entity must be authorized by such other entity (See RFP **Section 5.3.2.**).
- 2.14.3** No international processing for State Data: As described in **Section 3.7 Security Requirements**, Offerors are advised that any processing or storage of data outside of the continental U.S. is prohibited.
- 2.14.4** Offeror consistent expiration dates: A PO for a service already being delivered to DoIT under the Contract shall terminate on the same calendar day as the prior product/service. As appropriate, charges shall be prorated.
- 2.14.5** Any Contract award is contingent on the State's agreement, during the Proposal evaluation process, to any applicable terms of use and any other agreement submitted under **Section 5.3.2.** Such agreed upon terms of use shall apply consistently across services ordered under the Contract.
- 2.14.6** The Contractor shall not establish any auto-renewal of services beyond the period identified in Contract documents.
- 2.14.7** In addition to any notices of renewal sent to DoIT, Contractors shall email notices of renewal to the e-mail address designated by the Contract Monitor.

2.15 Maintenance and Change Management Support

- 2.15.1** The Contractor shall provide maintenance and change management support for any service which has passed acceptance testing and that remains in the control of the Contractor under the Contract.
- 2.15.2** Support shall include:
- A. Logging of change requests in a change register (or log).
 - B. Initial evaluation where the change is reviewed.
 - C. Detailed evaluation where the impact on baseline success criteria, benefits, scope, quality, time, resources, costs, risks, stakeholder engagement, or any other criteria important to achieving the business case are considered.
 - D. A recommendation is made to the sponsor and/or wider governance board to approve, reject, or defer the change.
 - E. The plan is updated if a change is approved.
 - F. Implementation where the necessary actions are taken and monitored.
 - G. **Error Correction.** Upon notice by the State of a problem with the Software (which problem can be verified), reasonable efforts to correct or provide a working solution for the problem.
 - H. **Material Defects.** Contractor shall notify the State of any material errors or defects in the Deliverables known or made known to Contractor, from any source during the life of the Contract that could cause the production of inaccurate or otherwise materially incorrect results. The Contractor shall initiate actions as is commercially necessary or proper to effect corrections of any such errors or defects.

2.16 Customer Support

- 2.16.1** At no cost to the Customer or the State, the Master Contractor shall provide Tier One Customer support to users of the State's eGovernment applications. The Master Contractor shall resolve all issues related to usage, navigation, applications, or Customer problems regarding an eGovernment application.
- 2.16.2** Any issues regarding the back-end processing of State applications or State maintained web pages will be forwarded to the help facility within the appropriate Agency.
- 2.16.3** Telephone and e-mail support must be provided by the Contractor 24x7. The Contractor shall maintain a plan for the required support for Customers including specific metrics related to staffing, response time to phone calls and e-mails, and resolution time for inquiries and other issues.
- 2.16.4** The Contractor must maintain a record of telephone calls and e-mail questions and their disposition which must be provided to the Contract Monitor upon request.
- 2.16.5** Support requirements, shall include but are not limited to the following:
- A. Logging of Customer telephone calls and emails to ensure inquiries are properly addressed in a timely fashion.
 - B. Review of telephone calls and email logs to identify and rectify frequent inquiries.
 - C. Reporting of telephone calls and email logs to the State on an agreed upon schedule and manner. This includes various reports that will help the State identify customer issues.
 - D. On-line help information and references (e.g., icons, directories, and tutorials for its services to customers)
- 2.16.6** The Contractor shall use Customer Relations Management (CRM) tools to track interactions and patterns of interactions between Customers and the State's web portal. The Contractor shall analyze this data and develop features and services that will enhance the Customer experience, increase portal utilization, and encourage repeat business.
- 2.16.7** The Contractor shall periodically conduct Customer satisfaction surveys for the purpose of determining the level of use, acceptance, and ease of use of the eGovernment portal and Agency eGovernment applications. The Contractor shall, at agreed upon intervals, report to the State on how the issues identified in Customer surveys are being addressed. Each Agency eGovernment application shall include on-line Customer satisfaction surveys as one of its features.
- 2.16.8** At no cost to the State, the Contractor shall provide on-site training, as required, for State personnel on the implementation, initiation, maintenance, monitoring, management, and administration of every service developed and implemented under this Contract.

2.17 Backup

- 2.17.1** The Contractor shall be responsible for maintaining backups of all works developed by the Contractor for the State in performance of the required services under the Contract.
- 2.17.2** The Contractor shall assist the State in performing backups of the web, application, and database servers on a regular basis. This shall include daily incremental backups and full weekly backups of all volumes of servers.

2.18 Deliverables

2.18.1 Deliverable Submission

- A. For every deliverable, the Contractor shall request the Contract Monitor confirm receipt of that deliverable by sending an e-mail identifying the deliverable name and date of receipt.
- B. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project or Microsoft Visio within two (2) versions of the current version. At the Contract Monitor's discretion, the Contract Monitor may request one hard copy of a written deliverable.
- C. A standard deliverable review cycle will be elaborated and agreed-upon between the State and the Contractor. This review process is entered into when the Contractor completes a deliverable.
- D. For any written deliverable, the Contract Monitor may request a draft version of the deliverable, to comply with the minimum deliverable quality criteria listed in Section 2.18.3 Minimum Deliverable Quality. Drafts of each final deliverable, except status reports, are required at least two weeks in advance of when the final deliverables are due (with the exception of deliverables due at the beginning of the project where this lead time is not possible, or where draft delivery date is explicitly specified). Draft versions of a deliverable shall comply with the minimum deliverable quality criteria listed in Section **2.18.3 Minimum Deliverable Quality**.

2.18.2 Deliverable Acceptance

- A. A final deliverable shall satisfy the scope and requirements of this RFP for that deliverable, including the quality and acceptance criteria for a final deliverable as defined in **Section 2.18.4 Deliverable Descriptions/Acceptance Criteria**.
- B. The Contract Monitor shall review a final deliverable to determine compliance with the acceptance criteria as defined for that deliverable. The Contract Monitor is responsible for coordinating comments and input from various team members and stakeholders. The Contract Monitor is responsible for providing clear guidance and direction to the Contractor in the event of divergent feedback from various team members.
- C. The Contract Monitor will issue to the Contractor a notice of acceptance or rejection of the deliverable in the DPAF (see online sample). Following the return of the DPAF indicating "Accepted" and signed by the Contract Monitor, the Contractor shall submit a proper invoice in accordance with the procedures in **Section 3.3**. The invoice must be accompanied by a copy of the executed DPAF or payment may be withheld.
- D. In the event of rejection, the Contract Monitor will formally communicate in writing any deliverable deficiencies or non-conformities to the Contractor, describing in those deficiencies what shall be corrected prior to acceptance of the deliverable in sufficient detail for the Contractor to address the deficiencies. The Contractor shall correct deficiencies and resubmit the corrected deliverable for acceptance within the agreed-upon time period for correction.

2.18.3 Minimum Deliverable Quality

The Contractor shall subject each deliverable to its internal quality-control process prior to submitting the deliverable to the State. Each deliverable shall meet the following minimum acceptance criteria:

- A. Be presented in a format appropriate for the subject matter and depth of discussion.
- B. Be organized in a manner that presents a logical flow of the deliverable's content.
- C. Represent factual information reasonably expected to have been known at the time of submission.
- D. In each section of the deliverable, include only information relevant to that section of the deliverable.
- E. Contain content and presentation consistent with industry best practices in terms of deliverable completeness, clarity, and quality.
- F. Meets the acceptance criteria applicable to that deliverable, including any State policies, functional or non-functional requirements, or industry standards.
- G. Contains no structural errors such as poor grammar, misspellings or incorrect punctuation.
- H. Must contain the date, author, and page numbers. When applicable for a deliverable, a revision table must be included.
- I. A draft written deliverable may contain limited structural errors such as incorrect punctuation, and shall represent a significant level of completeness toward the associated final written deliverable. The draft written deliverable shall otherwise comply with minimum deliverable quality criteria above.

2.18.4 Deliverable Descriptions/Acceptance Criteria

In addition to the items identified in the table below, the Contractor may suggest other subtasks, artifacts, or deliverables to improve the quality and success of the assigned tasks.

*The deliverables summary table may not list every contractually-required deliverable. Offerors and Contractors should read the RFP thoroughly for all Contract requirements and deliverables.

2.19 Service Level Agreement (SLA)

2.19.1 Definitions

- A. A "Problem" is defined as any situation or issue reported via a help desk ticket that is related to the system operation that is not an enhancement request.
- B. "Problem resolution time" is defined as the period of time from when the help desk ticket is opened to when it is resolved.
- C. Monthly Charges: for purposes of SLA credit calculations, Monthly Charges are defined as the charges set forth in **Attachment B, Financial Proposal Form**, invoiced during the month of the breach for the monthly fixed services, or, in the event of annual billing, 1/12 of the annual invoice amount on the **Financial Proposal Form**.

2.19.2 SLA Requirements

The Contractor shall:

- A. Be responsible for complying with all performance requirements, and shall also ensure compliance by all subcontractors.
- B. Meet the Problem response time and resolution requirements as defined in **Section 2.20.9**.
- C. Provide a monthly report to monitor and detail response times and resolution times.
- D. Log Problems into the Contractor-supplied help desk software and assign an initial severity (Emergency, High, Medium, or Low as defined in **Section 2.20.9**).
- E. Respond to and update all Problems, including recording when a Problem is resolved and its resolution. Appropriate DoIT personnel shall be notified when a Problem is resolved.
- F. DoIT shall make the final determination regarding Problem severity.
- G. Contractor shall review any Problem with DoIT to establish the remediation plan and relevant target dates.

2.19.3 SLA Effective Date (SLA Activation Date)

SLAs set forth herein shall be in effect beginning with commencement of monthly services as of the completion of the Transition-in Period.

Beginning with the SLA Activation Date, for any performance measurement not met during the monthly reporting period, the SLA credit for that individual measurement shall be applied to the Monthly Charges.

2.19.4 Service Level Reporting

- A. Contractor performance will be monitored by DoIT.
- B. The Contractor shall provide detailed monthly reports evidencing the attained level for each SLA.
- C. The Contractor shall provide a monthly summary report for SLA performance.
- D. Monthly reports shall be delivered via email to the Contract Monitor by the 15th of the following month.
- E. If any of the performance measurements are not met during the monthly reporting period, the Contractor will be notified of the standard that is not in compliance.

2.19.5 SLA Service Credits

Time is an essential element of the Contract. For work that is not completed within the time(s) specified in the service level metrics in the Contract, the Contractor shall be liable for service credits in the amount(s) provided for in the Contract.

Service credits will be cumulative for each missed service requirement. The State, at its option for amount due the State as service credits, may deduct such from any money payable to the Contractor or may bill the Contractor as a separate item. In the event of a catastrophic failure affecting the entire Solution, all affected SLAs shall be credited to the State.

The parties agree that any assessment of service credits shall be construed and treated by the parties not as imposing a penalty upon the Contractor, but as compensation to the State for the Contractor’s failure to satisfy its service level obligations.

2.19.6 Root Cause Analysis

If the same SLA measurement yields an SLA credit more than once, the Contractor shall conduct a root cause analysis. Such root cause analysis shall be provided within 30 days of the second breach and every breach thereafter.

In addition, for each “Emergency” or “High” priority Problem, the affected parties will perform a root cause analysis and institute a process of problem management to prevent recurrence of the issue.

2.19.7 Service Level Measurement Table (System Performance)

Offeror shall complete the table below with its proposed service level metrics and SLA credits. As an example:

No.	Service Requirement	Measurement	Service Level Agreement	SLA Credit
1	Problem Response Time – High (example)	(Example) Average Response Time for High Priority Problems.	98% <15 minutes	1%

2.19.8 Problem Response Definitions and Times

The Contactor shall meet the Problem response time and resolution requirements.

The Contractor shall provide a monthly report to monitor and detail response times and resolution times.

The Contractor shall provide appropriate SLAs that, at a minimum, address Service Priority, Response Time, Resolution Time, Work Outage, and Users affected.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

3 Contractor Requirements: General

3.1 Contract Initiation Requirements

Contractor shall schedule and hold a kickoff meeting within 10 Business Days of NTP Date. At the kickoff, the Contractor shall furnish an updated Project Schedule describing the activities for the Contractor, the State, and any third parties for fully transitioning to the eGovernment services.

3.2 End of Contract Transition

3.2.1 The Contractor shall provide transition assistance as requested by the State to facilitate the orderly transfer of services to the State or a follow-on contractor, for a period up to 120 days prior to Contract end date, or the termination thereof.

3.2.2 The Contractor shall work toward a prompt and timely transition, proceeding in accordance with the directions of the Contract Monitor. The Contract Monitor may provide the Contractor with additional instructions to meet specific transition requirements prior to the end of the Contract.

3.2.3 The Contractor shall ensure that all necessary knowledge and materials for the tasks completed are transferred to the custody of State personnel or a third party, as directed by the Contract Monitor.

3.2.4 Return and Maintenance of State Data

A. Upon termination or the expiration of the Contract Term, the Contractor shall: (a) return to the State all State data in either the form it was provided to the Contractor or in a mutually agreed format along with the schema necessary to read such data; (b) preserve, maintain, and protect all State data until the earlier of a direction by the State to delete such data or the expiration of 90 days (“the retention period”) from the date of termination or expiration of the Contract term; (c) after the retention period, the Contractor shall securely dispose of and permanently delete all State data in all of its forms, such as disk, CD/DVD, backup tape and paper such that it is not recoverable, according to National Institute of Standards and Technology (NIST)-approved methods with certificates of destruction to be provided to the State; and (d) prepare an accurate accounting from which the State may reconcile all outstanding accounts. The final monthly invoice for the services provided hereunder shall include all charges for the 90-day data retention period.

B. During any period of service suspension, the Contractor shall maintain all State data in its then existing form, unless otherwise directed in writing by the Contract Monitor.

C. In addition to the foregoing, the State shall be entitled to any post-termination/expiration assistance generally made available by Contractor with respect to the services.

3.3 Invoicing

3.3.1 General

A. The Contractor shall e-mail the original of each invoice and signed authorization to invoice to the Contract Monitor.

B. All invoices for services shall be verified by the Contractor as accurate at the time of submission.

C. An invoice not satisfying the requirements of a Proper Invoice (as defined at COMAR 21.06.09.01 and .02) cannot be processed for payment. To be considered a Proper Invoice, invoices must include the following information, without error:

- 1) Contractor name and address;
 - 2) Remittance address;
 - 3) Federal taxpayer identification (FEIN) number, social security number, as appropriate;
 - 4) Invoice period (i.e. time period during which services covered by invoice were performed);
 - 5) Invoice date;
 - 6) Invoice number;
 - 7) State assigned Contract number;
 - 8) State assigned (Blanket) Purchase Order number(s);
 - 9) Goods or services provided;
 - 10) Amount due; and
 - 11) Any additional documentation required by regulation or the Contract.
- D. DoIT reserves the right to reduce or withhold Contract payment in the event the Contractor does not provide DoIT with all required deliverables within the time frame specified in the Contract or otherwise breaches the terms and conditions of the Contract until such time as the Contractor brings itself into full compliance with the Contract.
- E. Any action on the part of DoIT, or dispute of action by the Contractor, shall be in accordance with the provisions of Md. Code Ann., State Finance and Procurement Article §§ 15-215 through 15-223 and with COMAR 21.10.04.
- F. The State is generally exempt from federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes and transportation taxes. The Contractor, however, is not exempt from such sales and use taxes and may be liable for the same.
- G. Invoices for final payment shall be clearly marked as “FINAL” and submitted when all work requirements have been completed and no further charges are to be incurred under the Contract. In no event shall any invoice be submitted later than 60 calendar days from the Contract termination date.

3.3.2 Invoice Submission Schedule

The Contractor shall submit invoices in accordance with the following schedule:

- A. For items of work for which there is one-time pricing (see **Attachment B** – Financial Proposal Form) those items shall be billed in the month following the acceptance of the work by DoIT.
- B. For items of work for which there is annual pricing, see **Attachment B** – Financial Proposal Form, those items shall be billed in equal monthly installments for the applicable Contract year in the month following the performance of the services.

3.3.3 For the purposes of the Contract an amount will not be deemed due and payable if:

- A. The amount invoiced is inconsistent with the Contract;
- B. The proper invoice has not been received by the party or office specified in the Contract;
- C. The invoice or performance is in dispute or the Contractor has failed to otherwise comply with the provisions of the Contract;
- D. The item or services have not been accepted;

- E. The quantity of items delivered is less than the quantity ordered;
- F. The items or services do not meet the quality requirements of the Contract;
- G. If the Contract provides for progress payments, the proper invoice for the progress payment has not been submitted pursuant to the schedule;
- H. If the Contract provides for withholding a retainage and the invoice is for the retainage, all stipulated conditions for release of the retainage have not been met; or
- I. The Contractor has not submitted satisfactory documentation or other evidence reasonably required by the Procurement Officer or by the Contract concerning performance under the Contract and compliance with its provisions.

3.3.4 Travel Reimbursement

Travel will not be reimbursed under this RFP.

3.4 Liquidated Damages

3.4.1 MBE Liquidated Damages

Inapplicable because there is no MBE goal for this RFP.

3.4.2 Liquidated Damages other than MBE

THIS SECTION IS INAPPLICABLE TO THIS RFP.

3.5 Disaster Recovery and Data

The following requirements apply to the Contract:

3.5.1 Redundancy, Data Backup and Disaster Recovery

- A. Unless specified otherwise in the RFP, Contractor shall maintain or cause to be maintained disaster avoidance procedures designed to safeguard State data and other confidential information, Contractor's processing capability and the availability of hosted services, in each case throughout the Contract term. Any force majeure provisions of the Contract do not limit the Contractor's obligations under this provision.
- B. The Contractor shall have robust contingency and disaster recovery (DR) plans in place to ensure that the services provided under the Contract will be maintained in the event of disruption to the Contractor/subcontractor's operations (including, but not limited to, disruption to information technology systems), however caused.
 - 1) The Contractor shall furnish a DR site.
 - 2) The DR site shall be at least 100 miles from the primary operations site, and have the capacity to take over complete production volume in case the primary site becomes unresponsive.
- C. The contingency and DR plans must be designed to ensure that services under the Contract are restored after a disruption within twenty-four (24) hours from notification and a recovery point objective of one (1) hour or less prior to the outage in order to avoid unacceptable consequences due to the unavailability of services.
- D. The Contractor shall test the contingency/DR plans at least twice annually to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the State to ensure limited system downtime when testing is conducted. At least one (1) annual test shall include backup media restoration and

failover/fallback operations at the DR location. The Contractor shall send the Contract Monitor a notice of completion following completion of DR testing.

- E. Such contingency and DR plans shall be available for DoIT to inspect and practically test at any reasonable time, and subject to regular updating, revising, and testing throughout the term of the Contract.

3.5.2 Data Export/Import

- A. The Contractor shall, at no additional cost or charge to the State, in an industry standard/non-proprietary format:
 - 1) perform a full or partial import/export of State data within 24 hours of a request; or
 - 2) provide to the State the ability to import/export data at will and provide the State with any access and instructions which are needed for the State to import or export data.
- B. Any import or export shall be in a secure format per the Security Requirements.

3.5.3 Data Ownership and Access

- A. Data, databases and derived data products created, collected, manipulated, or directly purchased as part of a RFP are the property of the State. The purchasing State agency is considered the custodian of the data and shall determine the use, access, distribution and other conditions based on appropriate State statutes and regulations.
- B. All Data can be freely distributed by the State, its Federal, and local government partners at the State's discretion.
- C. For Data stored and maintained on/in a contractor's or third parties' Data Store(s), the Contractor shall, at no additional cost or charge to the State, in an industry standard / non-proprietary and mutually agreed upon format:
 - 1) perform a full or partial import/export of State data within 24 hours of a request;
 - 2) provide to the State the ability to import/export data at will;
 - 3) provide the State with any access and instructions which are needed for the State to import or export data;
 - 4) provide the State the means to connect directly to the Data Store or a copy of it, accessing an Application Programming Interface (API) to access the data;
 - 5) provide the State the means to make use of the Data in a Data Store(s) or other repository; and
 - 6) allow the State to utilize the Data for analytical or visualization purposes.
- D. The existence of Contractor intellectual property and/or use of contractor proprietary processes in the Data does not in and of itself, provide sufficient reason to restrict access to Data, and in such cases, the rights of the State to extract Data, store it in its own Data Store(s) and utilize it without restriction shall not be diminished.
- E. The Contractor or any party related to the Contractor shall not access, copy, use, sell, provide access to, distribute, disclose or retain any Data in connection with this Contract for any purpose other than fulfilling such services without written consent from the State.
- F. The Contractor shall, at its own expense, return to the State all Data in its care, custody, control or possession and remove all copies of the Data from the contractor and third party Data Store(s) and upon request of the State or on termination of the Contract.

- G. The Contractor shall not affix any restrictive markings upon any Data and if such markings are affixed, the State shall have the right at any time to modify, remove, obliterate, or ignore such warnings.
- H. Public jurisdiction user accounts and public jurisdiction data shall not be accessed, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of the Contract, including as necessary to perform the services hereunder or (4) at the State's written request.
- I. The Contractor shall limit access to and possession of State data to only Contractor Personnel whose responsibilities reasonably require such access or possession and shall train such Contractor Personnel on the confidentiality obligations set forth herein and shall revoke privileges of access to the Data by Contractor Personnel upon change of duties.
- J. At no time shall any data or processes – that either belong to or are intended for the use of the State or its officers, agents or employees – be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the State.
- K. The Contractor shall not use any information collected in connection with the services furnished under the Contract for any purpose other than fulfilling such services.

3.5.4 Provisions in Sections 3.5.1 – 3.5.3 shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of Sections 3.5.1-3.5.3 (or the substance thereof) in all subcontracts.

3.6 Insurance Requirements

The Contractor shall maintain, at a minimum, the insurance coverages outlined below, or any minimum requirements established by law if higher, for the duration of the Contract, including option periods, if exercised:

- 3.6.1** The following type(s) of insurance and minimum amount(s) of coverage are required:
- A. Commercial General Liability - of \$1,000,000 combined single limit per occurrence for bodily injury, property damage, and personal and advertising injury and \$3,000,000 annual aggregate. The minimum limits required herein may be satisfied through any combination of primary and umbrella/excess liability policies.
 - B. Errors and Omissions/Professional Liability - \$1,000,000 per combined single limit per claim and \$3,000,000 annual aggregate.
 - C. Crime Insurance/Employee Theft Insurance - to cover employee theft with a minimum single loss limit of \$1,000,000 per loss, and a minimum single loss retention not to exceed \$10,000. The State of Maryland and DoIT should be added as a “loss payee.”
 - D. Cyber Security / Data Breach Insurance – The Contractor shall possess and maintain throughout the term of the Contract and for three (3) years thereafter, cyber risk/data breach insurance (either separately or as part of a broad Professional Liability or Errors and Omissions Insurance) with limits of at least \$5,000,000 per claim. Any “insured vs. insured” exclusions will be modified accordingly to allow the State additional insured status without prejudicing the State's rights under the policy(ies). Coverage shall be sufficiently broad to respond to the Contractor's duties and obligations under the Contract and shall include, but not limited to, claims involving privacy violations, information theft, damage to or destruction of electronic information, the release of Sensitive Data, and alteration of electronic information, extortion, and network security. The policy shall provide coverage

for, not by way of limitation, breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations.

- E. Worker's Compensation - The Contractor shall maintain such insurance as necessary or as required under Workers' Compensation Acts, the Longshore and Harbor Workers' Compensation Act, and the Federal Employers' Liability Act, to not be less than one million dollars (\$1,000,000) per occurrence (unless a state's law requires a greater amount of coverage). Coverage must be valid in all states where work is performed.
 - F. Automobile or Commercial Truck Insurance - The Contractor shall maintain Automobile or Commercial Truck Insurance (including owned, leased, hired, and non-owned vehicles) as appropriate with Liability, Collision, and PIP limits no less than those required by the State where the vehicle(s) is registered, but in no case less than those required by the State of Maryland.
- 3.6.2** The State shall be listed as an additional insured on the faces of the certificates associated with the coverages listed above, including umbrella policies, excluding Workers' Compensation Insurance and professional liability.
- 3.6.3** All insurance policies shall be endorsed to include a clause requiring the insurance carrier provide the Procurement Officer, by certified mail, not less than 30 days' advance notice of any non-renewal, cancellation, or expiration. The Contractor shall notify the Procurement Officer in writing, if policies are cancelled or not renewed within five (5) days of learning of such cancellation or nonrenewal. The Contractor shall provide evidence of replacement insurance coverage to the Procurement Officer at least 15 days prior to the expiration of the insurance policy then in effect.
- 3.6.4** Any insurance furnished as a condition of the Contract shall be issued by a company authorized to do business in the State.
- 3.6.5** The recommended awardee must provide current certificate(s) of insurance with the prescribed coverages, limits and requirements set forth in this section within five (5) Business Days from notice of recommended award. During the period of performance for multi-year contracts, the Contractor shall provide certificates of insurance annually, or as otherwise directed by the Contract Monitor.
- 3.6.6** Subcontractor Insurance. The Contractor shall require any subcontractors to obtain and maintain comparable levels of coverage and shall provide the Contract Monitor with the same documentation as is required of the Contractor.

3.7 Security Requirements

The following requirements are applicable to the Contract:

3.7.1 Employee Identification

- A. Contractor Personnel shall display his or her company ID badge in a visible location at all times while on State premises. Upon request of authorized State personnel, each Contractor Personnel shall provide additional photo identification.
- B. Contractor Personnel shall cooperate with State site requirements, including but not limited to, being prepared to be escorted at all times, and providing information for State badge issuance.
- C. Contractor shall remove any Contractor Personnel from working on the Contract where the State determines, in its sole discretion, that Contractor Personnel has not adhered to the Security requirements specified herein.

- D. The State reserves the right to request that the Contractor submit proof of employment authorization of non-United States Citizens, prior to commencement of work under the Contract.

3.7.2 Security Clearance / Criminal Background Check

- A. A criminal background check for each Contractor Personnel providing on-site shall be completed prior to each Contractor Personnel providing any services under the Contract.
- B. The Contractor shall obtain at its own expense a Criminal Justice Information System (CJIS) State and federal criminal background check, including fingerprinting, for all Contractor Personnel listed in sub-paragraph A. This check may be performed by a public or private entity.
- C. The Contractor shall submit the fingerprint cards to DoIT for processing.
- D. The Contractor shall provide certification to DoIT that the Contractor has completed the required criminal background check described in this RFP for each required Contractor Personnel prior to assignment, and that the Contractor Personnel have successfully passed this check.
- E. Persons with a criminal record may not perform services under the Contract unless prior written approval is obtained from the Contract Monitor. The Contract Monitor reserves the right to reject any individual based upon the results of the background check. Decisions of the Contract Monitor as to acceptability of a candidate are final. The State reserves the right to refuse any individual Contractor Personnel to work on State premises, based upon certain specified criminal convictions, as specified by the State.
- F. The CJIS criminal record check of each Contractor Personnel who will work on State premises shall be reviewed by the Contractor for convictions of any of the following crimes described in the Annotated Code of Maryland, Criminal Law Article:
 - 1) §§ 6-101 through 6-104, 6-201 through 6-205, 6-409 (various crimes against property);
 - 2) any crime within Title 7, Subtitle 1 (various crimes involving theft);
 - 3) §§ 7-301 through 7-303, 7-313 through 7-317 (various crimes involving telecommunications and electronics);
 - 4) §§ 8-201 through 8-302, 8-501 through 8-523 (various crimes involving fraud);
 - 5) §§9-101 through 9-417, 9-601 through 9-604, 9-701 through 9-706.1 (various crimes against public administration); or
 - 6) a crime of violence as defined in CL § 14-101(a).
- G. Contractor Personnel with access to systems supporting the State or to State data who have been convicted of a felony or of a crime involving telecommunications and electronics, identification fraud, theft, Computer Fraud and Abuse Act (CFAA), and the like be permanently disqualifying shall not be permitted to work on State premises under the Contract; Contractor Personnel who have been convicted within the past five (5) years of a misdemeanor from the above list of crimes shall not be permitted to work on State premises.
- H. A particular on-site location covered by the Contract may require more restrictive conditions regarding the nature of prior criminal convictions that would result in Contractor Personnel not being permitted to work on those premises. Upon receipt of a location's more restrictive conditions regarding criminal convictions, the Contractor shall provide an updated certification regarding the Contractor Personnel working at or assigned to those premises.

3.7.3 Information Technology

- A. Contractors shall comply with and adhere to the State IT Security Policy and Standards. These policies may be revised from time to time and the Contractor shall comply with all such revisions. Updated and revised versions of the State IT Policy and Standards are available online at: www.doit.maryland.gov – keyword: Security Policy.
- B. The Contractor shall not connect any of its own equipment to a State LAN/WAN without prior written approval by the State. The Contractor shall complete any necessary paperwork as directed and coordinated with the Contract Monitor to obtain approval by the State to connect Contractor-owned equipment to a State LAN/WAN.

The Contractor shall:

- 1) Implement administrative, physical, and technical safeguards to protect State data that are no less rigorous than accepted industry best practices for information security such as those listed below (see **Section 3.7.5**);
- 2) Ensure that all such safeguards, including the manner in which State data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of the Contract; and
- 3) The Contractor, and Contractor Personnel, shall (i) abide by all applicable federal, State and local laws, rules and regulations concerning security of Information Systems and Information Technology and (ii) comply with and adhere to the State IT Security Policy and Standards as each may be amended or revised from time to time. Updated and revised versions of the State IT Policy and Standards are available online at: www.doit.maryland.gov – keyword: Security Policy.

3.7.4 Data Protection and Controls

- A. Contractor shall ensure a secure environment for all State data and any hardware and software (including but not limited to servers, network and data components) provided or used in connection with the performance of the Contract and shall apply or cause application of appropriate controls so as to maintain such a secure environment (“Security Best Practices”). Such Security Best Practices shall comply with an accepted industry standard, such as the NIST cybersecurity framework.
- B. To ensure appropriate data protection safeguards are in place, the Contractor shall implement and maintain the following controls at all times throughout the Term of the Contract (the Contractor may augment this list with additional controls):
 - 1) Establish separate production, test, and training environments for systems supporting the services provided under the Contract and ensure that production data is not replicated in test or training environment(s) unless it has been previously anonymized or otherwise modified to protect the confidentiality of Sensitive Data elements. The Contractor shall ensure the appropriate separation of production and non-production environments by applying the data protection and control requirements listed in this **Section 3.7.5**.
 - 2) Apply hardware and software hardening procedures as recommended by Center for Internet Security (CIS) guides <https://www.cisecurity.org/>, Security Technical Implementation Guides (STIG) <https://public.cyber.mil/stigs/>, or similar industry best practices to reduce the systems’ surface of vulnerability, eliminating as many security risks as possible and documenting what is not feasible or not performed according to best practices. Any hardening practices not implemented shall be documented with a plan of action and milestones including any compensating control. These procedures may include but are not limited to removal of unnecessary software, disabling or removing

- unnecessary services, removal of unnecessary usernames or logins, and the deactivation of unneeded features in the Contractor's system configuration files.
- 3) Ensure that State data is not commingled with non-State data through the proper application of compartmentalization Security Measures.
 - 4) Apply data encryption to protect Sensitive Data at all times, including in transit, at rest, and also when archived for backup purposes. Unless otherwise directed, the Contractor is responsible for the encryption of all Sensitive Data.
 - 5) Encryption algorithms which are utilized for encrypting data shall comply with current Federal Information Processing Standards (FIPS), "Security Requirements for Cryptographic Modules", FIPS PUB 140-3:
<https://nvlpubs.nist.gov/nistpubs/FIPS/NIST.FIPS.140-3.pdf>
 - 6) Enable appropriate logging parameters to monitor user access activities, authorized and failed access attempts, system exceptions, and critical information security events as recommended by the operating system and application manufacturers and information security standards, including Maryland Department of Information Technology's Information Security Policy.
 - 7) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and remediation, if required. DoIT shall have the right to inspect these policies and procedures and the Contractor or subcontractor's performance to confirm the effectiveness of these measures for the services being provided under the Contract.
 - 8) Ensure system and network environments are separated by properly configured and updated firewalls.
 - 9) Restrict network connections between trusted and untrusted networks by physically or logically isolating systems from unsolicited and unauthenticated network traffic.
 - 10) By default "deny all" and only allow access by exception.
 - 11) Review, at least annually, the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.
 - 12) Perform regular vulnerability testing of operating system, application, and network devices. Such testing is expected to identify outdated software versions; missing software patches; device or software misconfigurations; and to validate compliance with or deviations from the security policies applicable to the Contract. Contractor shall evaluate all identified vulnerabilities for potential adverse effect on security and integrity and remediate the vulnerability no later than 30 days following the earlier of vulnerability's identification or public disclosure, or document why remediation action is unnecessary or unsuitable. DoIT shall have the right to inspect the Contractor's policies and procedures and the results of vulnerability testing to confirm the effectiveness of these measures for the services being provided under the Contract.
 - 13) Enforce strong user authentication and password control measures to minimize the opportunity for unauthorized access through compromise of the user access controls. At a minimum, the implemented measures should be consistent with the most current Maryland Department of Information Technology's Information Security Policy (<https://doit.maryland.gov/policies/Pages/default.aspx>), including specific requirements for password length, complexity, history, and account lockout.

- 14) Ensure State data is not processed, transferred, or stored outside of the United States (“U.S.”). The Contractor shall provide its services to the State and the State’s end users solely from data centers in the U.S. Unless granted an exception in writing by the State, the Contractor shall not allow Contractor Personnel to store State data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The Contractor shall permit its Contractor Personnel to access State data remotely only as required to provide technical support.
- 15) Ensure Contractor’s Personnel shall not connect any of its own equipment to a State LAN/WAN without prior written approval by the State, which may be revoked at any time for any reason. The Contractor shall complete any necessary paperwork as directed and coordinated with the Contract Monitor to obtain approval by the State to connect Contractor -owned equipment to a State LAN/WAN.
- 16) Ensure that anti-virus and anti-malware software is installed and maintained on all systems supporting the services provided under the Contract; that the anti-virus and anti-malware software is automatically updated; and that the software is configured to actively scan and detect threats to the system for remediation. The Contractor shall perform routine vulnerability scans and take corrective actions for any findings.
- 17) Conduct regular external vulnerability testing designed to examine the service provider’s security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter. Evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the service’s security and integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. DoIT shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under the Contract.

3.7.5 Security Logs and Reports Access

- A. For a SaaS or non-State hosted solution, the Contractor shall provide reports to the State in a mutually agreeable format.
- B. Reports shall include latency statistics, user access, user access IP address, user access history and security logs for all State files related to the Contract.

3.7.6 Security Plan

- A. The Contractor shall protect State data according to a written security policy (“Security Plan”) no less rigorous than that of the State, and shall supply a copy of such policy to the State for validation, with any appropriate updates, on an annual basis.
- B. The Security Plan shall detail the steps and processes employed by the Contractor as well as the features and characteristics which will ensure compliance with the security requirements of the Contract.
- C. The Security Plan shall address compliance with the PCI DSS for payment card processing.

3.7.7 PCI Compliance

- A. Contractor shall at all times comply, and ensure compliance with, all applicable Payment Card Industry Data Security Standards, including any and all changes thereto. Contractor shall provide DoIT with documented evidence of current compliance to PCI DSS within 30 days of a DoIT request.

- B. The Contractor shall annually furnish to the State evidence of the PCI Security Standards Council's (SSC) acceptance or attestation of the Contractor's conformance to the relevant PCI DSS requirements by a third party certified to perform compliance assessments.
- C. The Contractor shall ensure that the scope of the annual SOC 2 Type II Report specified under **Section 3.9** includes testing to confirm the PCI assessment results.

3.7.8 Security Incident Response

- A. The Contractor shall notify DoIT in accordance with **Section 3.7.9A-D** when any Contractor system that may access, process, or store State data or State systems experiences a Security Incident or a Data Breach as follows:
 - 1) notify DoIT within twenty-four (24) hours of the discovery of a Security Incident by providing notice via written or electronic correspondence to the Contract Monitor, DoIT chief information officer and DoIT chief information security officer;
 - 2) notify DoIT within two (2) hours if there is a threat to Contractor's Solution as it pertains to the use, disclosure, and security of State data; and
 - 3) provide written notice to DoIT within one (1) Business Day after Contractor's discovery of unauthorized use or disclosure of State data and thereafter all information the State (or DoIT) requests concerning such unauthorized use or disclosure.
- B. Contractor's notice shall identify:
 - 1) the nature of the unauthorized use or disclosure;
 - 2) the State data used or disclosed,
 - 3) who made the unauthorized use or received the unauthorized disclosure;
 - 4) actions the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and
 - 5) the corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure.

The Contractor shall provide such other information, including a written report, as reasonably requested by the State.

- C. The Contractor may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. Discussing Security Incidents with the State should be handled on an urgent as-needed basis, as part of Contractor communication and mitigation processes as mutually agreed upon, defined by law or contained in the Contract.
- D. The Contractor shall comply with all applicable laws that require the notification of individuals in the event of unauthorized release of State data or other event requiring notification, and, where notification is required, assume responsibility for informing all such individuals in accordance with applicable law and to indemnify and hold harmless the State (or DoIT) and its officials and employees from and against any claims, damages, and actions related to the event requiring notification.

3.7.9 Data Breach Responsibilities

- A. If the Contractor reasonably believes or has actual knowledge of a Data Breach, the Contractor shall, unless otherwise directed:

- 1) Notify the appropriate State-identified contact within 24 hours by telephone in accordance with the agreed upon security plan or security procedures unless a shorter time is required by applicable law;
 - 2) Cooperate with the State to investigate and resolve the data breach;
 - 3) Promptly implement commercially reasonable remedial measures to remedy the Data Breach; and
 - 4) Document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services.
- B. If a Data Breach is a direct result of the Contractor's breach of its Contract obligation to encrypt State data or otherwise prevent its release, the Contractor shall bear the costs associated with (1) the investigation and resolution of the data breach; (2) notifications to individuals, regulators or others required by State law; (3) a credit monitoring service required by State or federal law; (4) a website or a toll-free number and call center for affected individuals required by State law; and (5) complete all corrective actions as reasonably determined by Contractor based on root cause; all [(1) through (5)] subject to the Contract's limitation of liability.
- 3.7.10** The State shall, at its discretion, have the right to review and assess the Contractor's compliance to the security requirements and standards defined in the Contract.
- 3.7.11** Provisions in **Sections 3.7.1 – 3.7.10** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of **Sections 3.7.4-3.7.10** (or the substance thereof) in all subcontracts.

3.8 Problem Escalation Procedure

- 3.8.1** The Contractor must provide and maintain a Problem Escalation Procedure (PEP) for both routine and emergency situations. The PEP must state how the Contractor will address problem situations as they occur during the performance of the Contract, especially problems that are not resolved to the satisfaction of the State within appropriate timeframes.
- 3.8.2** The Contractor shall provide contact information to the Contract Monitor, as well as to other State personnel as directed should the Contract Monitor not be available.
- 3.8.3** The Contractor must provide the PEP no later than ten (10) Business Days after notice of recommended award. The PEP, including any revisions thereto, must also be provided within ten (10) Business Days after the start of each Contract year and within ten (10) Business Days after any change in circumstance which changes the PEP. The PEP shall detail how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. The PEP shall include:
- A. The process for establishing the existence of a problem;
 - B. Names, titles, and contact information for progressively higher levels of personnel in the Contractor's organization who would become involved in resolving a problem;
 - C. For each individual listed in the Contractor's PEP, the maximum amount of time a problem will remain unresolved with that individual before the problem escalates to the next contact person listed in the Contractor's PEP;
 - D. Expedited escalation procedures and any circumstances that would trigger expediting them;

- E. The method of providing feedback on resolution progress, including the frequency of feedback to be provided to the State;
- F. Contact information for persons responsible for resolving issues after normal business hours (e.g., evenings, weekends, holidays) and on an emergency basis; and
- G. A process for updating and notifying the Contract Monitor of any changes to the PEP.

3.8.4 Nothing in this section shall be construed to limit any rights of the Contract Monitor or the State which may be allowed by the Contract or applicable law.

3.9 SOC 2 Type 2 Audit Report

3.9.1 A SOC 2 Type 2 Audit applies to the Contract. The applicable trust services criteria are: Security, Availability, Processing Integrity, Confidentiality, and Privacy as defined in the Guidance document identified in Section 3.9.2.

3.9.2 The Contractor shall have an annual audit performed by an independent audit firm of the Contractor's handling of Sensitive Data and DoIT's Critical Functions (collectively, the Information Functions and Processes). Critical functions are identified as all aspects and functionality of the Solution including any add-on modules and shall address all areas relating to Information Technology security and operational processes. Such audits shall be performed in accordance with audit guidance: Reporting on an Examination of Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by DoIT, to assess the security of outsourced client functions or data (collectively, the "Guidance") as follows:

- A. The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the "SOC 2 Audit" or "SOC 2 Report"). All SOC2 Reports shall be submitted to the Contract Monitor as specified in Section F below. The initial SOC 2 Audit shall be completed before service installation, within a timeframe to be specified by the State. The audit period covered by the initial SOC 2 Audit shall start with the Contract Effective Date unless otherwise agreed to in writing by the Contract Monitor. All subsequent SOC 2 Audits after this initial audit shall be performed at a minimum on an annual basis throughout the Term of the Contract, and shall cover a 12-month audit period or such portion of the year that the Contractor furnished services.
- B. The SOC 2 Audit shall report on the suitability of the design and operating effectiveness of controls over the Information Functions and Processes to meet the requirements of the Contract, including the Security Requirements identified in **Section 3.7**, relevant to the trust services criteria identified in 3.9.1.
- C. The audit scope of each year's SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services criteria of Security, Availability, Processing Integrity, Confidentiality, and Privacy) to accommodate any changes to the environment since the last SOC 2 Report. The Contractor shall ensure that the audit scope of each year's SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
- D. The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the TO Contractor or essential support to the Information

- Functions and Processes provided to DoIT under the Contract. The Contractor shall ensure the audit includes all such subcontractors operating in performance of the Contract.
- E. All SOC 2 Audits, including those of the Contractor, shall be performed at no additional expense to DoIT.
 - F. The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a complete copy of the final SOC 2 Report(s) and a documented corrective action plan addressing each audit finding or exception contained in the SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor along with the date(s) when each remedial action is to be implemented.
 - G. If the Contractor currently has an annual, independent information security assessment performed that includes the operations, systems, and repositories of the Information Functions and Processes being provided to DoIT under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, DoIT will determine in consultation with appropriate State government technology and audit authorities whether the Contractor's current information security assessments are acceptable in lieu of the SOC 2 Report(s).
 - H. If the Contractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in **Section 3.9.2.A**, DoIT shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the Contractor under the Contract, as well as the right to terminate the contract for default. The Contractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement for purposes of the SOC 2 Report. DoIT will either invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.
 - I. This **Section 3.9** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of this **Section 3.9** (or the substance thereof) in all subcontracts.

3.10 Experience and Personnel

3.10.1 Preferred Offeror Experience

The following experience is expected and will be evaluated as part of the Technical Proposal (see the Offeror experience, capability and references evaluation factor from **Section 6.2**):

- A. Ability to provide a prompt implementation of eGovernment solutions.
- B. Prior eGovernment development and implementation experience.
- C. Experience in delivering government-oriented applications that can be easily customized. Such applications may include, but not be limited to: professional licenses issuance and renewals, environmental licenses and permits, Medicaid eligibility, search on corporate filings, income tax payments, and State archive information.
- D. Experience with technical architecture compatible with the State's current technical architecture.

3.10.2 Personnel Experience

THIS SECTION IS INAPPLICABLE TO THIS RFP.

3.11 Substitution of Personnel

3.11.1 Continuous Performance of Key Personnel

When Key Personnel are identified for the Contract, the following apply:

- A. Key Personnel shall be available to perform Contract requirements as of the NTP Date. Unless explicitly authorized by the Contract Monitor or specified in the Contract, Key Personnel shall be assigned to the State of Maryland as a dedicated resource.
- B. Key Personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under the Contract without the prior written approval of the Contract Monitor.
- C. The provisions of this section apply to Key Personnel identified in any Task Order proposal and agreement, if issued, and any Work Order Request and Work Order, if issued.

3.11.2 Definitions

For the purposes of this section, the following definitions apply:

- A. **Extraordinary Personal Event** – means any of: leave under the Family Medical Leave Act; an Incapacitating injury or Incapacitating illness; or other circumstances that in the sole discretion of the State warrant an extended leave of absence, such as extended jury duty or extended military service that precludes the individual from performing his/her job duties under the Contract.
- B. **Incapacitating** – means any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual’s position in the RFP or the Contractor’s Technical Proposal.

3.11.3 Contractor Personnel General Substitution Provisions

The following provisions apply to all of the circumstances of Contractor Personnel substitution described in **Section 3.11.4**.

- A. The Contractor shall demonstrate to the Contract Monitor’s satisfaction that the proposed substitute has qualifications at least equal to those of the Contractor Personnel proposed to be replaced.
- B. The Contractor shall provide the Contract Monitor with a substitution request that shall include:
 - 1) A detailed explanation of the reason(s) for the substitution request;
 - 2) The resume of the proposed substitute, signed by the substituting individual and his/her formal supervisor;
 - 3) The official resume of the current personnel for comparison purposes; and
 - 4) Evidence of any required credentials.
- C. The Contract Monitor may request additional information concerning the proposed substitution and may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
- D. The Contract Monitor will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Monitor will not unreasonably withhold approval of a proposed Contractor Personnel replacement.

3.11.4 Replacement Circumstances

A. Directed Personnel Replacement

- 1) The Contract Monitor may direct the Contractor to replace any Contractor Personnel who, in the sole discretion of the Contract Monitor, are perceived as being unqualified, non-productive, unable to fully perform the job duties, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, DoIT policies, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph **3.11.4.A.2**.
- 2) If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor may give written notice of any Contractor Personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written response to the remediation requirements in a Remediation Plan within ten (10) days of the date of the notice and shall immediately implement the Remediation Plan upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.
- 3) Should performance issues persist despite an approved Remediation Plan, the Contract Monitor may give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of Contractor Personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Contractor Personnel at issue.
- 4) Replacement or substitution of Contractor Personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.
- 5) If the Contract Monitor determines to direct substitution under **3.11.4.A.1**, if at all possible, at least fifteen (15) days advance notice shall be given to the Contractor. However, if the Contract Monitor deems it necessary and in the State's best interests to remove the Contractor Personnel with less than fifteen (15) days' notice, the Contract Monitor may direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.
- 6) In circumstances of directed removal, the Contractor shall, in accordance with paragraph **3.11.4.A.1** of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

B. Key Personnel Replacement

- 1) To replace any Key Personnel in a circumstance other than as described in **3.11.4.B**, including transfers and promotions, the Contractor shall submit a substitution request as described in **Section 3.11.3** to the Contract Monitor at least fifteen (15) days prior to the intended date of change. A substitution may not occur unless and until the Contract Monitor approves the substitution in writing.
- 2) Key Personnel Replacement Due to Sudden Vacancy
 - a) The Contractor shall replace Key Personnel whenever a sudden vacancy occurs (e.g., Extraordinary Personal Event, death, resignation, termination). A termination or

resignation with thirty (30) days or more advance notice shall be treated as a replacement under **Section 3.11.4.B.1**.

- b) Under any of the circumstances set forth in this paragraph B, the Contractor shall identify a suitable replacement and provide the same information and items required under **Section 3.11.3** within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.
- 3) Key Personnel Replacement Due to an Indeterminate Absence
- a) If any Key Personnel has been absent from his/her job for a period of ten (10) days and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information and items to the Contract Monitor as required under **Section 3.11.3**.
 - b) However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor the Contract Monitor may, at his/her sole discretion, authorize the original personnel to continue to work under the Contract, or authorize the replacement personnel to replace the original personnel, notwithstanding the original personnel's ability to return.

3.11.5 Substitution Prior to and Within 30 Days After Contract Execution

Prior to Contract execution or within thirty (30) days after Contract execution, the Offeror may not substitute proposed Key Personnel except under the following circumstances (a) for actual full-time personnel employed directly by the Offeror: the vacancy occurs due to the sudden termination, resignation, or approved leave of absence due to an Extraordinary Personal Event, or the death of such personnel; and (b) for any temporary staff, subcontractors or 1099 contractors: the vacancy occurs due to an Incapacitating event or the death of such personnel. To qualify for such substitution, the Offeror must demonstrate to the State's satisfaction the event necessitating substitution. Proposed substitutions shall be of equal caliber or higher, in the State's sole discretion. Proposed substitutes deemed by the State to be less qualified than the originally proposed individual may be grounds for pre-award disqualification or post-award termination.

3.12 Minority Business Enterprise (MBE) Reports

This solicitation does not include a Minority Business Enterprise (MBE) subcontractor participation goal.

3.13 Veteran Small Business Enterprise (VSBE) Reports

This solicitation does not include a Veteran Small Business Enterprise (VSBE) subcontractor participation goal.

3.14 Additional Clauses

The Contractor shall be subject to the requirements in this section and shall flow down the provisions of **Sections 3.14.1 – 3.14.4** (or the substance thereof) in all subcontracts.

3.14.1 Custom Software

- A. As described in the sample Contract (**Attachment M**), the State shall solely own any custom software, including, but not limited to application modules developed to integrate with a

COTS, source-codes, maintenance updates, documentation, and configuration files, when developed under the Contract.

- B. Upon a Contractor's voluntary or involuntary filing of bankruptcy or any other insolvency proceeding, Contractor's dissolution, Contractor's discontinuance of support of any software or system, the Contractor shall convey to the State all rights, title, and interests in all custom software, licenses, software source codes, and all associated System Documentation that comprises any solutions provided as a part of the Contract. These rights include, but are not limited to, the rights to use, and cause others to use on behalf of the State, said software, software documentation, licenses, software source codes, and System Documentation.

3.14.2 Custom Source Code

- A. For all custom software provided to the State pursuant to any Contract, the Contractor shall either provide the source code directly to the State in a form acceptable to the State, or deliver two copies of each software source code and software source code documentation to a State-approved escrow agent at no additional cost to the State following the terms set forth in the sample contract (**Attachment M**) and in **Section 3.14.3** below.
- B. The State shall have the right to audit custom software source code and corresponding software source code documentation for each software product that comprises the solution as represented by the Contractor. This audit shall be scheduled at any time that is convenient for the parties to be present. The State shall be provided with software or other tools required to view all software source code.
- C. The Contractor shall provide the current source code and documentation for all custom software to the State at the time of Contract termination.

3.14.3 Source Code Escrow

Source Code Escrow applies to the Contract. The Contractor shall perform source code escrow as described herein.

- A. The State will be named as a beneficiary under an escrow agreement ("Escrow Agreement") that shall be entered into between the Contractor and an escrow agent ("Escrow Agent") within 10 days of the date hereof pursuant to which Contractor shall deliver a Source Code Escrow Package to Escrow Agent. The term "Source Code Escrow Package" means: a) a complete copy in machine-readable form of the source code and executable code of the software licensed to the State under the Contract; b) a complete copy of any existing design documentation and user documentation; and/or c) complete instructions for compiling and linking every part of the source code into executable code for purposes of enabling verification of the completeness of the source code as provided below. The Escrow Agreement shall govern the maintenance and release of the Source Code Escrow Package, and Contractor agrees to update, enhance, or otherwise modify such Source Code Escrow Package promptly upon each release of a new version of any component thereof. Contractor shall pay all fees and expenses charged by Escrow Agent, including, but not limited to, fees and expenses related to the State being a named beneficiary under the Escrow Agreement. The State shall treat the Source Code Escrow Package as Contractor's confidential information. Under all circumstances, the Source Code Escrow Package shall remain the property of the Contractor. The State shall only use the Source Code Escrow Package as contemplated in the Contract (including, but not limited to confidentiality provisions and usage restrictions). The Escrow Agent shall maintain the Source Code Escrow Package in a repository located in the United States.

- B. In the event that the Escrow Agent either ceases providing escrow services to Contractor or Contractor determines in its reasonable business judgment that the Escrow Agent is no longer providing acceptable services, Contractor shall replace the Escrow Agent with another escrow agent, using an agreement which provides the State with rights no less advantageous than those in the Escrow Agreement. In such case, the new escrow agent shall be substituted in all ways for the incumbent Escrow Agent with respect to **Section 3.15.3.A** above and all references herein to Escrow Agent shall be deemed to include such substitute escrow agent.
- C. Contractor shall inform the State of the availability of an escrow for any third party software solutions it provides to the State.
- D. In addition to the rights and obligations contained in the Escrow Agreement referenced in **Section 3.14.3.A**, the State shall have the Software Escrow Package released by the Escrow Agent to the State's possession immediately upon any voluntary or involuntary filing of bankruptcy or any other insolvency proceeding, including but not limited to a general assignment for the benefit of including but not limited to a general assignment for the benefit of creditors, the appointment of a receiver for business or assets; creditors, the appointment of a receiver for business or assets; Contractor's dissolution or liquidation, voluntary or otherwise; the State has compelling reasons to believe that such events will cause Contractor to fail to meet its obligations in the foreseeable future; or Contractor's discontinuance of support or failure to support in accordance with the Contract any software system or if the Contractor is otherwise unable or unwilling to provide the Source Code Escrow Package. This condition will also be considered met if after repeated e-mail and phone requests by the State for service, the State makes a request for service in writing to the Contractor's last known address served by certified signed receipt required mail delivery by U.S. Post Office or by a nationally recognized (in the United States) overnight carrier, and the Contractor remains unresponsive, meaning that the Contractor is unable to acknowledge message receipt, unwilling or otherwise unable to satisfy the request for a period longer than 45 days from attempt to deliver the written request.

3.14.4 Purchasing and Recycling Electronic Products

This section does not apply to this solicitation.

3.14.5 The State of Maryland's Commitment to Purchasing Environmentally Preferred Products and Services (EPPs)

[Maryland's State Finance & Procurement Article §14-410](#) defines environmentally preferable purchasing as "the procurement or acquisition of goods and services that have a lesser or reduced effect on human health and the environment when compared with competing goods or services that serve the same purpose." Accordingly, Bidders are strongly encouraged to offer EPPs to fulfill this contract, to the greatest extent practicable.

3.14.6 No-Cost Extensions

In accordance with BPW Advisory 1995-1 item 7.b, in the event there are unspent funds remaining on the Contract, prior to the Contract's expiration date the Procurement Officer may modify the Contract to extend the Contract beyond its expiration date for a period up to, but not exceeding, one-third of the base term of the Contract (e.g., eight-month extension on a two-year contract) for the performance of work within the Contract's scope of work. Notwithstanding anything to the contrary, no funds may be added to the Contract in connection with any such extension.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

4 Procurement Instructions

4.1 Pre-Proposal Conference

- 4.1.1 A pre-Proposal conference (Conference) will be held at the date, time, and location indicated on the Key Information Summary Sheet.
- 4.1.2 Attendance at the Conference is not mandatory, but all interested parties are encouraged to attend in order to facilitate better preparation of their Proposals. If the solicitation includes an MBE goal, failure to attend the Conference will be taken into consideration as part of the evaluation of an offeror's good faith efforts if there is a waiver request.
- 4.1.3 It is highly recommended that ALL Prime Contractors bring their intended subcontractors to the Conference/Site Visit to ensure that all parties understand the requirements of the Contract and the MBE Goal.
- 4.1.4 MBE subcontractors are encouraged to attend the Conference to market their participation to potential prime contractors.
- 4.1.5 Following the Conference, the attendance record and summary of the Conference will be distributed via the same mechanism described for amendments and questions (see **Section 4.2.1 eMMA**).
- 4.1.6 Those wishing to attend the web conference may request a meeting invitation by emailing Pam Malech at pam.malech@marylandgov no later than 2:00 PM on Friday, August 6, 2021. An invitation e-mail is required for registration, and therefore attendance. Upon receipt of the email, the Procurement Officer will reply with a registration email with a link that may be used to register for the conference.

4.2 eMaryland Marketplace Advantage (eMMA)

- 4.2.1 eMMA is the electronic commerce system for the State of Maryland. The RFP, Conference summary and attendance sheet, Offerors' questions and the Procurement Officer's responses, addenda, and other solicitation-related information will be made available via eMMA.
- 4.2.2 In order to receive a contract award, a vendor must be registered on eMMA. Registration is free. Go to emma.maryland.gov, click on "New Vendor? Register Now" to begin the process, and then follow the prompts.

4.3 Questions

- 4.3.1 All questions, including concerns regarding any applicable MBE or VSBE participation goals, shall identify in the subject line the Solicitation Number and Title (001B16000434 - Self Funded eGovernment Services), and shall be submitted in writing via e-mail to the Procurement Officer no later than the date and time specified the Key Information Summary Sheet. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date.
- 4.3.2 Answers to all questions that are not clearly specific only to the requestor will be distributed via the same mechanism as for RFP amendments, and posted on eMMA.
- 4.3.3 The statements and interpretations contained in responses to any questions, whether responded to verbally or in writing, are not binding on DoIT unless it issues an amendment in writing.

4.4 Procurement Method

A Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

4.5 Proposal Due (Closing) Date and Time

- 4.5.1 Proposals, in the number and form set forth in **Section 5 Proposal Format**, must be received by the Procurement Officer no later than the Proposal due date and time indicated on the Key Information Summary Sheet in order to be considered.
- 4.5.2 Requests for extension of this date or time shall not be granted.
- 4.5.3 Offerors submitting Proposals should allow sufficient delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, Proposals received after the due date and time listed in the Key Information Summary Sheet will not be considered.
- 4.5.4 Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in the Key Information Summary Sheet for receipt of Proposals.
- 4.5.5 Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.
- 4.5.6 Potential Offerors not responding to this solicitation are requested to submit the “Notice to Vendors” form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements).

4.6 Multiple or Alternate Proposals

Multiple or alternate Proposals will not be accepted.

4.7 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror’s Proposal to meet the requirements of this RFP.

4.8 Public Information Act Notice

- 4.8.1 The Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General Provisions Article, Title 4 (See also RFP **Section 5.3.2.B** “Claim of Confidentiality”). This information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.
- 4.8.2 Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

4.9 Award Basis

A Contract awarded hereunder shall be awarded to the responsible Offeror(s) submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP **Section 6** for further award information.

4.10 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Oral presentations are considered part of the Technical Proposal. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Proposal. The Procurement Officer will notify Offerors of the time and place of oral presentations.

4.11 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for the latest of the following: 120 days following the Proposal due date and time, best and final offers if requested (see **Section 6.5.2**), or the date any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

4.12 Revisions to the RFP

- 4.12.1** If the RFP is revised before the due date for Proposals, the Department shall post any addenda to the RFP on eMMA and shall endeavor to provide such addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. It remains the responsibility of all prospective Offerors to check eMMA for any addenda issued prior to the submission of Proposals.
- 4.12.2** Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal.
- 4.12.3** Addenda made after the due date for Proposals will be sent only to those Offerors that remain under award consideration as of the issuance date of the addenda.
- 4.12.4** Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.
- 4.12.5** Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

4.13 Cancellations

- 4.13.1** The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.
- 4.13.2** The State reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.
- 4.13.3** In the event a government entity proposes and receives the recommendation for award, the procurement may be cancelled and the award processed in accordance with COMAR 21.01.03.01.A(4).
- 4.13.4** If the services that are the subject of the RFP are currently being provided under an interagency agreement with a public institution of higher education and the State determines that the services can be provided more cost effectively by the public institution of higher education, then the RFP may be cancelled in accordance with Md. Code Ann., State Finance and Procurement Art., § 3-207(b)(2).

4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

4.15 Protest/Disputes

Any protest or dispute related to this solicitation or the Contract award shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

4.16 Offeror Responsibilities

- 4.16.1** Offerors must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror shall be responsible for Contract performance including any subcontractor participation.
- 4.16.2** All subcontractors shall be identified and a complete description of their role relative to the Proposal shall be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see **Section 4.26** "Minority Participation Goal" and **Section 4.27** "VSBE Goal").
- 4.16.3** If the Offeror is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.
- 4.16.4** A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.17 Acceptance of Terms and Conditions

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached hereto as **Attachment M**. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **All exceptions will be taken into consideration when evaluating the Offeror's Proposal. The Department reserves the right to accept or reject any exceptions.**

4.18 Proposal Affidavit

A Proposal submitted by the Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP.

4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit. A copy of this Affidavit is included for informational purposes as **Attachment N** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of recommended award. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered and in good standing with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

4.22.1 In connection with a procurement contract a person may not willfully:

- A. Falsify, conceal, or suppress a material fact by any scheme or device.
- B. Make a false or fraudulent statement or representation of a material fact.
- C. Use a false writing or document that contains a false or fraudulent statement or entry of a material fact.

4.22.2 A person may not aid or conspire with another person to commit an act under **Section 4.22.1**.

4.22.3 A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding five (5) years or both.

4.23 Payments by Electronic Funds Transfer

By submitting a Proposal in response to this solicitation, the Offeror, if selected for award:

4.23.1 Agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller’s Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The successful Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.

4.23.2 Any request for exemption must be submitted to the State Comptroller’s Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller’s website at:
http://comptroller.marylandtaxes.com/Vendor_Services/Accounting_Information/Static_Files/GADX10Form20150615.pdf.

4.24 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor’s Office of Small, Minority & Women Business Affairs (GOSBA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract, Section 31 “Prompt Pay Requirements” (see **Attachment M**). Additional information is available on GOSBA’s website at:

<http://www.gomdsmallbiz.maryland.gov/documents/legislation/promptpaymentfaqs.pdf>.

4.25 Electronic Procurements Authorized

4.25.1 Under COMAR 21.03.05, unless otherwise prohibited by law, the Department may conduct procurement transactions by electronic means, including the solicitation, proposing, award, execution, and administration of a contract, as provided in Md. Code Ann., Maryland Uniform Electronic Transactions Act, Commercial Law Article, Title 21.

4.25.2 Participation in the solicitation process on a procurement contract for which electronic means has been authorized shall constitute consent by the Offeror to conduct by electronic means all elements of the procurement of that Contract which are specifically authorized under the solicitation or Contract. In the case of electronic transactions authorized by this RFP, electronic records and signatures by an authorized representative satisfy a requirement for written submission and signatures.

4.25.3 “Electronic means” refers to exchanges or communications using electronic, digital, magnetic, wireless, optical, electromagnetic, or other means of electronically conducting transactions. Electronic means includes e-mail, internet-based communications, electronic funds transfer, specific electronic bidding platforms (e.g., <https://procurement.maryland.gov>), and electronic data interchange.

4.25.4 In addition to specific electronic transactions specifically authorized in other sections of this solicitation (e.g., RFP § 4.23 describing payments by Electronic Funds Transfer), the following transactions are authorized to be conducted by electronic means on the terms as authorized in COMAR 21.03.05:

A. The Procurement Officer may conduct the procurement using eMMA or e-mail to issue:

- 1) The RFP;
- 2) Any amendments and requests for best and final offers;
- 3) Pre-Proposal conference documents;
- 4) Questions and responses;
- 5) Communications regarding the solicitation or Proposal to any Offeror or potential Offeror;

- 6) Notices of award selection or non-selection; and
 - 7) The Procurement Officer's decision on any Proposal protest or Contract claim.
- B. The Offeror or potential Offeror may use eMMA or e-mail to:
- 1) Submit Proposals (eMMA only);
 - 2) Ask questions regarding the solicitation;
 - 3) Reply to any material received from the Procurement Officer by electronic means that includes a Procurement Officer's request or direction to reply by e-mail or through eMMA, but only on the terms specifically approved and directed by the Procurement Officer and
 - 4) Submit a "No Proposal Response" to the RFP.
- C. The Procurement Officer, the Contract Monitor, and the Contractor may conduct day-to-day Contract administration, except as outlined in **Section 4.25.5** of this subsection, utilizing e-mail or other electronic means if authorized by the Procurement Officer or Contract Monitor.
- 4.25.5** The following transactions related to this procurement and any Contract awarded pursuant to it are **not authorized** to be conducted by electronic means:
- A. Submission of initial Proposals, except through eMMA;
 - B. Filing of Contract claims;
 - C. Submission of documents determined by the Department to require original signatures (e.g., Contract execution, Contract modifications); or
 - D. Any transaction, submission, or communication where the Procurement Officer has specifically directed that a response from the Contractor or Offeror be provided in writing or hard copy.
- 4.25.6** Any e-mail transmission is only authorized to the e-mail addresses for the identified person as provided in the solicitation, the Contract, or in the direction from the Procurement Officer or Contract Monitor.

4.26 MBE Participation Goal

There is no MBE subcontractor participation goal for this procurement.

4.27 VSBE Goal

There is no VSBE participation goal for this procurement.

4.28 Living Wage Requirements

- A. Maryland law requires that contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.
- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05.

- Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.
- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If the Offeror fails to complete and submit the required documentation, the State may determine the Offeror to not be responsible under State law.
- D. Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.
- 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier 1 Contract.
 - 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
 - 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
 - 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- E. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.
- F. The Offeror shall identify in the Proposal the location from which services will be provided.
- G. **NOTE:** Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change or a change in the State minimum wage.

4.29 Federal Funding Acknowledgement

This Contract does not contain federal funds.

4.30 Conflict of Interest Affidavit and Disclosure

- 4.30.1** The Offeror shall complete and sign the Conflict of Interest Affidavit and Disclosure (**Attachment H**) and submit it with its Proposal.
- 4.30.2** By submitting a Conflict of Interest Affidavit and Disclosure, the Contractor shall be construed as certifying all Contractor Personnel and subcontractors are also without a conflict of interest as defined in COMAR 21.05.08.08A.
- 4.30.3** Additionally, a Contractor has an ongoing obligation to ensure that all Contractor Personnel are without conflicts of interest prior to providing services << under OR individual Task Orders issued under >> the Contract. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.
- 4.30.4** Participation in Drafting of Specifications: Disqualifying Event: Offerors are advised that Md. Code Ann. State Finance and Procurement Article §13-212.1(a) provides generally that “an individual who assists an executive unit in the drafting of specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or a request for proposals, or a person that employs the individual, may not: (1) submit a bid or proposal for that procurement; or (2) assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement.” Any Offeror submitting a Proposal in violation of this provision shall be classified as “not responsible.” See COMAR 21.05.03.03.

4.31 Non-Disclosure Agreement

4.31.1 Non-Disclosure Agreement (Offeror)

A Non-Disclosure Agreement (Offeror) is not required for this procurement.

4.31.2 Non-Disclosure Agreement (Contractor)

All Offerors are advised that this solicitation and any Contract(s) are subject to the terms of the Non-Disclosure Agreement (NDA) contained in this solicitation as **Attachment I**. This Agreement must be provided within five (5) Business Days of notification of recommended award; however, to expedite processing, it is suggested that this document be completed and submitted with the Proposal.

4.32 HIPAA - Business Associate Agreement

To the extent that Contractor receives, transmits, processes, and/or stores information covered by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), on behalf of the State through the Maryland Department of Health (MDH), Contractor may be required to execute a Business Associate Agreement with MDH as required by HIPAA regulations at 45 C.F.R. §164.500 *et seq.* and set forth in **Attachment J**.

4.33 Nonvisual Access

- 4.33.1** The bidder or offeror warrants that the information technology offered under this bid or proposal (1) provides equivalent access for effective use by both visual and nonvisual means consistent with the standards of § 508 of the federal Rehabilitation Act of 1973 and Code of Maryland Regulations 14.33.02; (2) provides an individual with disabilities with nonvisual access in a way that is fully and equally accessible to and independently usable by the individual with disabilities so that the individual is able to acquire the same information, engage in the same interactions, and enjoy the same services as users without disabilities, with substantially equivalent ease of use; (3) will present information, including prompts used for interactive communications, in formats

intended for both visual and nonvisual use; (4) if intended for use in a network, can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired; and (5) is available, whenever possible, without modification for compatibility with software and hardware for nonvisual access. The bidder or offeror further warrants that the cost, if any, of modifying the information technology for compatibility with software and hardware used for nonvisual access will not increase the cost of the information technology by more than 15 percent.

- 4.33.2** If the information technology procured under this solicitation does not meet the nonvisual access standards set forth in the Code of Maryland Regulations 14.33.02, the State will notify the bidder or offeror in writing that the bidder or offeror, at its own expense, has 12 months after the date of the notification to modify the information technology in order to meet the nonvisual access standards. If the bidder or offeror fails to modify the information technology to meet the nonvisual access standards within 12 months after the date of the notification, the bidder or offeror may be subject to a civil penalty of a fine not exceeding \$5,000 for a first offense, and a fine not exceeding \$10,000 for a subsequent offense.
- 4.33.3** The bidder or offeror shall indemnify the State for liability resulting from the use of information technology that does not meet the applicable nonvisual access standards.
- 4.33.4** For purposes of this regulation, the phrase “equivalent access” means the ability to receive, use, and manipulate information and operate controls necessary to access and use information technology by nonvisual means. Examples of equivalent access include keyboard controls used for input and synthesized speech, Braille, or other audible or tactile means used for output.

4.34 Mercury and Products That Contain Mercury

This solicitation does not include the procurement of products known to likely include mercury as a component.

4.35 Location of the Performance of Services Disclosure

The Offeror is required to complete the Location of the Performance of Services Disclosure. A copy of this Disclosure is included as **Attachment L**. The Disclosure must be provided with the Proposal.

4.36 Department of Human Services (DHS) Hiring Agreement

A DHS Hiring Agreement is not required.

4.37 Small Business Reserve (SBR) Procurement

This solicitation is not designated as a Small Business Reserve (SBR) Procurement.

4.38 Maryland Healthy Working Families Act Requirements

On February 11, 2018, the Maryland Healthy Working Families Act went into effect. All offerors should be aware of how this Act could affect your potential contract award with the State of Maryland. See the Department of Labor, Licensing and Regulations web site for Maryland Healthy Working Families Act Information: <http://dllr.maryland.gov/paidleave/>.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

5.2.4 Offerors will submit Proposals through the State’s internet based electronic procurement system, eMMA.

5.2.5 The Procurement Officer must receive all electronic Technical Proposal material by the RFP due date and time specified in the Key Information Summary Sheet. Requests for extension of this date or time will not be granted. Except as provided in COMAR 21.05.03.02F, Proposals received by the Procurement Officer after the due date will not be considered.

5.2.6 Although Offerors will provide their Proposals shall provide their Proposals in two separate envelopes each submitted by the respective due date through eMMA following the [Quick Reference Guides](#) (QRG) labelled “5 - eMMA QRG Responding to Solicitations (RFP)” for double envelope submissions.

5.2.7 Two Part (Double Envelope) Submission:

A. Technical Proposal consisting of:

- 1) Technical Proposal and all supporting material in Microsoft Word format, version 2007 or greater,
- 2) Technical Proposal in searchable Adobe PDF format,
- 3) a second searchable Adobe copy of the Technical Proposal, with confidential and proprietary information redacted (see **Section 4.8**), and

B. Financial Proposal consisting of:

- 1) Financial Proposal entered into the price form spreadsheet within eMMA and all supporting material in Microsoft Excel format,
- 2) Financial Proposal in searchable Adobe PDF format,
- 3) a second searchable Adobe copy of the Financial Proposal, with confidential and proprietary information removed (see **Section 4.8**).

5.3 Volume I - Technical Proposal

NOTE: Omit all **pricing information** from the Technical Proposal (Volume I). Include pricing information only in the Financial Proposal (Volume II).

5.3.1 In addition to the instructions below, responses in the Offeror's Technical Proposal shall reference the organization and numbering of Sections in the RFP (e.g., "Section 2.2.1 Response . . ."; "Section 2.2.2 Response . . ."). All pages of both Proposal volumes shall be consecutively numbered from beginning (Page 1) to end (Page "x").

5.3.2 The Technical Proposal shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:

A. Title Page and Table of Contents (Submit under TAB A)

The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

B. Claim of Confidentiality (If applicable, submit under TAB A-1)

Any information which is claimed to be confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal, and if applicable, separately in the Financial Proposal. An explanation for each claim of confidentiality shall be included (see **Section 4.8 "Public Information Act Notice"**). The entire Proposal cannot be given a blanket confidentiality designation - any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal and an explanation for each claim shall be included.

C. Offeror Information Sheet and Transmittal Letter (Submit under TAB B)

The Offeror Information Sheet (see **Appendix 2**) and a Transmittal Letter shall accompany the Technical Proposal. The purpose of the Transmittal Letter is to transmit the Proposal and acknowledge the receipt of any addenda to this RFP issued before the Proposal due date and time. Transmittal Letter should be brief, be signed by an individual who is authorized to commit the Offeror to its Proposal and the requirements as stated in this RFP.

D. Executive Summary (Submit under TAB C)

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled "Executive Summary."

In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary (see **Section 4.16 "Offeror Responsibilities"**).

The Executive Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (**Attachment M**), or any other exhibits or attachments. Acceptance or rejection of exceptions is within the sole discretion of the State. **Exceptions to terms and conditions, including requirements, may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.**

E. Minimum Qualifications Documentation (If applicable, Submit under TAB D)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP **Section 1**. If references are required in **RFP Section 1**, those references shall be submitted in this section and shall contain the information described in both **Section 1** and **Section 5.3.2.I**.

F. Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E)

- 1) The Offeror shall address each RFP requirement (RFP **Section 2** and **Section 3**) in its Technical Proposal with a cross reference to the requirement and describe how its proposed goods and services, including the goods and services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to an RFP requirement shall include an explanation of how the work will be performed. The response shall address each requirement in **Section 2** and **Section 3** in order and shall contain a cross reference to the requirement.
- 2) Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.
- 3) The Offeror shall give a definitive section-by-section description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology, techniques, and number of staff, if applicable, to be used by the Offeror in providing the required goods and services as outlined in RFP **Section 2**, Contractor Requirements: Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.
- 4) Implementation Schedule - Offeror shall provide the proposed implementation schedule with its Proposal.
- 5) The Offeror shall identify the location(s) from which it proposes to provide services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State's requirements as outlined in this RFP.
- 6) The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Contract Monitor should problems arise under the Contract and explains how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in **Section 3.8**.
- 7) The Offeror shall provide a Backup solution/ strategy recommendation as part of its Proposal.
- 8) Disaster Recovery and Security Model description - For hosted services, the Offeror shall include its DR strategy, and for on premise, a description of a recommended DR strategy.
- 9) The Offeror shall include a deliverable description and schedule describing the proposed Deliverables as mapped to the State SDLC and the Deliverables table in **Section 2.19.4**. The schedule shall also detail proposed submission due date/frequency of each recommended Deliverable.

- 10) The Offeror shall include an SLA as identified in **Section 2.20**, including service level metrics offered and a description how the metrics are measured, any SLA credits should the service level metrics not be met, and how the State can verify the service level. The Offeror shall describe how service level performance is reported to the State.
- 11) Description of technical risk of migrating from the existing system.
- 12) Product Requirements
 - a) Offerors may propose open source software; however, the Contractor must provide operational support for the proposed software.
 - b) Details for each offering: The Offeror shall provide the following information for each offering:
 - i) Offering Name;
 - ii) Offeror relationship with manufacturer (e.g., manufacturer, reseller, partner);
 - iii) Manufacturer;
 - iv) Short description of capability;
 - v) Version (and whether version updates are limited in any way);
 - vi) License type (e.g., user, CPU, node, transaction volume);
 - vii) Subscription term (e.g., annual);
 - viii) License restrictions, if any;
 - ix) Operational support offered (e.g., customer support, help desk, user manuals online or hardcopy), including description of multiple support levels (if offered), service level measures and reporting;
 - x) Continuity of operations and disaster recovery plans for providing service at 24/7/365 level;
 - xi) Ability of the offering to read and export data in existing State enterprise data stores. Offerors in their Proposals shall describe the interoperability of data that can be imported or exported from the Solution, including generating industry standard formats;
 - xii) Any processing or storage of data outside of the continental U.S;
 - xiii) Any limitations or constraints in the offering, including any terms or conditions (e.g., terms of service, ELA, AUP, professional services agreement, master agreement).
 - xiv) Compatibility with the State's existing single sign-on system, SecureAuth or other single sign-on approaches;
 - xv) APIs offered, and what type of content can be accessed and consumed;
 - xvi) Update / upgrade roadmap and procedures, to include: planned changes in the next 12 months, frequency of system update (updates to software applied) and process for updates/upgrades;
 - xvii) Frequency of updates to data services, including but not limited to, datasets provided as real-time feeds, and datasets updated on a regular basis (e.g., monthly, quarterly, annually, one-time);

- xviii) What type of third party assessment (such as a SOC 2 Type II audit) is performed, the nature of the assessment (e.g., the trust services criteria and scope of assessment), and whether the results of the assessment pertinent to the State will be shared with the State. See also **Section 3.9**;
- xix) Offeror shall describe its security model and procedures supporting handling of State data. If more than one level of service is offered, the Offeror shall describe such services. Include, at a minimum:
 - (1) procedures for and requirements for hiring staff (such as background checks),
 - (2) any non-disclosure agreement Contractor Personnel sign,
 - (3) whether the service is furnished out of the continental U.S. (see security requirements in **Section 3.7**),
 - (4) Certifications such as FedRAMP,
 - (5) Third party security auditing, including FISMA,
 - (6) Published Security Incident reporting policy, and
 - (7) Cybersecurity insurance is maintained.

G. Experience and Qualifications of Proposed Staff (Submit under TAB F)

The Offeror shall identify the qualifications and types of staff proposed to be utilized under the Contract including information in support of the Personnel Experience criteria in **Section 3.10.2**. Specifically, the Offeror shall:

- 1) Describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan.
- 2) Provide an Organizational Chart outlining Personnel and their related duties. The Offeror shall include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document.

H. Offeror Qualifications and Capabilities (Submit under TAB G)

The Offeror shall describe the experience of its organization to develop and maintain enterprise-level eGovernment services of a similar size and scope that will be required to support the State of Maryland. The Offeror shall show experience and abilities in the following:

- 1) Ability to provide a prompt implementation of eGovernment solutions.
- 2) Prior eGovernment development and implementation experience. Descriptions must include examples showing the Offeror's performance on other eGovernment applications. Information provided about other eGovernment applications sites must include number of web hits, number of transactions processed, and number of registered or Premium users/subscribers.
- 3) Experience in delivering government-oriented applications that can be easily customized. Such applications may include, but not be limited to: professional licenses renewals, environmental licenses and permits, Medicaid eligibility, search on corporate filings, income tax payments, and State archive information.

- 4) Experience with technical architecture compatible to the State's current technical architecture.

These descriptions must include examples showing the Offeror's performance on other eGovernment applications. Information provided about other eGovernment applications sites must include number of web hits, number of transactions processed, and number of registered or Premium users/subscribers.

The Offeror shall describe how its organization can meet the requirements of this RFP and shall also include the following information:

- 1) The number of years the Offeror has provided the similar goods and services;
- 2) The number of clients/customers and geographic locations that the Offeror currently serves;
- 3) The names and titles of headquarters or regional management personnel who may be involved with supervising the services to be performed under the Contract;
- 4) The Offeror's process for resolving billing errors; and
- 5) An organizational chart that identifies the complete structure of the Offeror including any parent company, headquarters, regional offices, and subsidiaries of the Offeror.

I. References (Submit under TAB H)

At least three (3) references are requested from customers similar to the State of Maryland currently using the services of the Offeror as required by this RFP. The service must have been implemented and operational for a minimum period of three calendar years. At least one reference must be a public entity. Each reference shall be from a client for whom the Offeror has provided goods and services within the past five (5) years and shall include the following information:

- 1) Name of client organization;
- 2) Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
- 3) Value, type, duration, and description of goods and services provided.

The Department reserves the right to request additional references or utilize references not provided by the Offeror. Points of contact must be accessible and knowledgeable regarding Offeror performance.

J. List of Current or Prior State Contracts (Submit under TAB I)

Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing goods and services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

- 1) The State contracting entity;
- 2) A brief description of the goods and services provided;
- 3) The dollar value of the contract;
- 4) The term of the contract;
- 5) The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and

- 6) Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror's level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

K. Financial Capability (Submit under TAB J)

The Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- 1) Dun & Bradstreet Rating;
- 2) Standard and Poor's Rating;
- 3) Lines of credit;
- 4) Evidence of a successful financial track record; and
- 5) Evidence of adequate working capital.

L. Certificate of Insurance (Submit under TAB K)

The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in **Section 3.6**. See **Section 3.6** for the required insurance certificate submission for the apparent awardee.

M. Subcontractors (Submit under TAB L)

The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and VSBE subcontracting goal(s), if applicable. This list shall include a full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate attachment(s) of this RFP.

N. Legal Action Summary (Submit under TAB M)

This summary shall include:

- 1) A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
- 2) A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
- 3) A description of any judgments against the Offeror within the past five (5) years, including the court, case name, complaint number, and a brief description of the final ruling or determination; and
- 4) In instances where litigation is ongoing and the Offeror has been directed not to disclose information by the court, provide the name of the judge and location of the court.

- O. Economic Benefit Factors (Submit under TAB N)
- 1) The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of the Contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. The economic benefit offered should be consistent with the Offeror's Total Proposal Price from **Attachment B**, the Financial Proposal Form. See COMAR 21.05.03.03A (3).
 - 2) Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.
 - 3) Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.
 - 4) As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.
 - 5) In responding to this section, the following do not generally constitute economic benefits to be derived from the Contract:
 - a) generic statements that the State will benefit from the Offeror's superior performance under the Contract;
 - b) descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under the Contract; or
 - c) tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under the Contract.
 - 6) Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded the Contract.
 - 7) Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:
 - a) The Contract dollars to be recycled into Maryland's economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. **Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;**
 - b) The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels; and whether Maryland employees working at least 30 hours per week and are employed at least 120 days during a 12-month period will receive paid leave. If no new positions or subcontracts are anticipated as a result of the Contract, so state explicitly;
 - c) Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and

estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;

- d) Subcontract dollars committed to Maryland small businesses and MBEs; and
- e) Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

P. Technical Proposal - Required Forms and Certifications (Submit under TAB O)

- 1) All forms required for the Technical Proposal are identified in Table 1 of **Section 7** – RFP Attachments and Appendices. Unless directed otherwise by instructions within an individual form, complete, sign, and include all required forms in the Technical Proposal, under TAB O.
- 2) Offerors shall furnish any and all agreements and terms and conditions the Offeror expects the State to sign or to be subject to in connection with or in order to use the Offeror's services under this Contract. This includes physical copies of all agreements referenced and incorporated in primary documents, including but not limited to any software licensing agreement for any software proposed to be licensed to the State under this Contract (e.g., EULA, Enterprise License Agreements, Professional Service agreement, Master Agreement) and any AUP. The State does not agree to terms and conditions not provided in an Offeror's Technical Proposal and no action of the State, including but not limited to the use of any such software, shall be deemed to constitute acceptance of any such terms and conditions. Failure to comply with this section renders any such agreement unenforceable against the State.
- 3) For each service, hardware or software proposed as furnished by a third-party entity, Offeror must identify the third-party provider and provide a letter of authorization or such other documentation demonstrating the authorization for such services. In the case of an open source license, authorization for the open source shall demonstrate compliance with the open source license.
- 4) A Letter of Authorization shall be on letterhead or through the provider's e-mail. Further, each Letter of Authorization shall be less than twelve (12) months old and must provide the following information:
 - i) Third-party POC name and alternate for verification
 - ii) Third-party POC mailing address
 - iii) Third-party POC telephone number
 - iv) Third-party POC email address
 - v) If available, a Re-Seller Identifier

5.4 Volume II – Financial Proposal

The Financial Proposal shall contain all price information in the format specified in **Attachment B**, which will be provided to all offerors determined to be reasonably susceptible after completion of the technical evaluation. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself. Do not amend, alter, or leave blank any

items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by the Department.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them. This response should show how the Offeror's intended solution to the requirements of the RFP.

6.2.2 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

6.2.3 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.3.2.O)

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

6.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- A. The Maryland resident business is a responsible Offeror;
- B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
- C. The other state gives a preference to its resident businesses through law, policy, or practice; and
- D. The preference does not conflict with a federal law or grant affecting the procurement Contract.

- 6.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked. The technical evaluation concludes.
- D. Qualified Offerors (responsible Offerors determined to have submitted acceptable Proposals) will be invited to submit their Financial Proposals. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight as financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

7 RFP ATTACHMENTS AND APPENDICES

Instructions Page

A Proposal submitted by the Offeror must be accompanied by the completed forms and/or affidavits identified as “with Proposal” in the “When to Submit” column in Table 1 below. All forms and affidavits applicable to this RFP, including any applicable instructions and/or terms, are identified in the “Applies” and “Label” columns in Table 1.

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete certain forms and affidavits after notification of recommended award. The list of forms and affidavits that must be provided is described in Table 1 below in the “When to Submit” column.

Attachment F. Maryland Living Wage Affidavit of Agreement for Service Contracts

See link at <http://procurement.maryland.gov/wp-content/uploads/sites/12/2018/04/AttachmentF-LivingWageAffidavit.pdf> to complete the Affidavit.

- A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or subcontractor who performs work on a State contract for services that is valued at \$100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee's time during any work week on the State Contract.
- B. The Living Wage Law does not apply to:
 - (1) A Contractor who:
 - (a) Has a State contract for services valued at less than \$100,000, or
 - (b) Employs 10 or fewer employees and has a State contract for services valued at less than \$500,000.
 - (2) A subcontractor who:
 - (a) Performs work on a State contract for services valued at less than \$100,000,

- (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than \$500,000, or
 - (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B (3) or C below.
- (3) Service contracts for the following:
- (a) Services with a Public Service Company;
 - (b) Services with a nonprofit organization;
 - (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
 - (d) Services between a Unit and a County or Baltimore City.
- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.
- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.
- E. Each Contractor/subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
- F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry’s website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.
- G. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer’s share of the health insurance premium, as provided in Md. Code Ann., State Finance and Procurement Article, §18-103(c), shall not lower an employee’s wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer’s share of health insurance premium shall comply with any record reporting requirements established by the Commissioner.
- H. A Contractor/subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer’s contribution to an employee’s deferred compensation plan. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer’s contribution to an employee’s deferred compensation plan shall not lower the employee’s wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.

- J. Information pertaining to reporting obligations may be found by going to the Division of Labor and Industry website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml> and clicking on Living Wage for State Service Contracts.

Attachment M. Contract

Department of General Services (DGS)

“Self Funded eGovernment Services”

001B16000434

THIS CONTRACT (the “Contract”) is made this ____ day of _____, 20__ by and between _____ (the “Contractor”) and the STATE OF MARYLAND, acting through the MARYLAND Department of General Services (“DGS” or the “Department”).

In consideration of the promises and the covenants herein contained, the adequacy and sufficiency of which are hereby acknowledged by the parties, the parties agree as follows:

1. Definitions

In this Contract, the following words have the meanings indicated:

- 1.1 “COMAR” means Code of Maryland Regulations.
- 1.2 “Contractor” means the entity first named above whose principal business address is (Contractor’s primary address) and whose principal office in Maryland is (Contractor’s local address), whose Federal Employer Identification Number or Social Security Number is (Contractor’s FEIN), and whose eMaryland Marketplace Advantage vendor ID number is (eMMA Number).
- 1.3 “Financial Proposal” means the Contractor’s [pick one: Financial Proposal or Best and Final Offer (BAFO)] dated _____ (Financial Proposal date or BAFO date).
- 1.4 Minority Business Enterprise (MBE) – Any legal entity certified as defined at COMAR 21.01.02.01B (54) which is certified by the Maryland Department of Transportation under COMAR 21.11.03.
- 1.5 “RFP” means the Request for Proposals for Self Funded eGovernment Services, Solicitation # 001B16000434, and any amendments, addenda, and attachments thereto issued in writing by the State.
- 1.6 “State” means the State of Maryland.
- 1.7 “Technical Proposal” means the Contractor’s Technical Proposal dated. _____ (Technical Proposal date), as modified and supplemented by the Contractor’s responses to requests clarifications and requests for cure, and by any Best and Final Offer.
- 1.8 “Veteran-owned Small Business Enterprise” (VSBE) means A business that is verified by the Center for Verification and Evaluation (CVE) of the United States Department of Veterans Affairs as a veteran-owned small business. See Code of Maryland Regulations (COMAR) 21.11.13.
- 1.9 Capitalized terms not defined herein shall be ascribed the meaning given to them in the RFP.

2. Scope of Contract

2.1 The Contractor shall perform in accordance with this Contract and Exhibits A-D, which are listed below and incorporated herein by reference. If there is any conflict between this Contract and the Exhibits, the terms of the Contract shall control. If there is any conflict among the Exhibits, the following order of precedence shall determine the prevailing provision:

- Exhibit A – The RFP
- Exhibit B – The Contract Affidavit, executed by the Contractor and dated (date of Attachment C)

- Exhibit C – The Technical Proposal
 - Exhibit D – The Financial Proposal
- 2.2 The Procurement Officer may, at any time, by written order, make unilateral changes in the work within the general scope of the Contract. No other order, statement, or conduct of the Procurement Officer or any other person shall be treated as a change or entitle the Contractor to an equitable adjustment under this section. Except as otherwise provided in this Contract, if any change under this section causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work, whether or not changed by the order, an equitable adjustment in the Contract price shall be made and the Contract modified in writing accordingly. The Contractor must assert in writing its right to an adjustment under this section within thirty (30) days of receipt of written change order and shall include a written statement setting forth the nature and cost of such claim. No claim by the Contractor shall be allowed if asserted after final payment under this Contract. Failure to agree to an adjustment under this section shall be a dispute under the Disputes clause. Nothing in this section shall excuse the Contractor from proceeding with the Contract as changed.
- 2.3 Without limiting the rights of the Procurement Officer under Section 2.2 above, the Contract may be modified by mutual agreement of the parties, provided: (a) the modification is made in writing; (b) all parties sign the modification; and (c) all approvals by the required agencies as described in COMAR Title 21, are obtained.

3. Period of Performance

- 3.1 The term of this Contract begins on the date the Contract is signed by the Department following any required prior approvals, including approval by the Board of Public Works, if such approval is required (the "Effective Date") and shall continue until _____ ("Initial Term").
- 3.2 In its sole discretion, the Department shall have the unilateral right to extend the Contract for one, five year renewal option (each a "Renewal Term") at the prices established in the Contract. "Term" means the Initial Term and any Renewal Term(s).
- 3.3. The Contractor's performance under the Contract shall commence as of the date provided in a written NTP.
- 3.4 The Contractor's obligation to pay invoices to subcontractors providing products/services in connection with this Contract, as well as the audit; confidentiality; document retention; patents, copyrights & intellectual property; warranty; indemnification obligations; and limitations of liability under this Contract; and any other obligations specifically identified, shall survive expiration or termination of the Contract.

4. Consideration and Payment

- 4.1 In consideration of the satisfactory performance of the work set forth in this Contract, the Department shall pay the Contractor in accordance with the terms of this Contract and at the prices quoted in the Financial Proposal. Unless properly modified (see above Section 2), payment to the Contractor pursuant to this Contract, including the Initial Term and any Renewal Term, shall not exceed the Contracted amount.

For time and materials Contracts, IDIQ Contracts, or Contracts which include either or both a time and materials or IDIQ element(s), total payments to the Contractor pursuant to this Contract for the time and materials and IDIQ portion(s) may not exceed \$_____ (the "NTE Amount"), which includes \$_____ for the Initial Term and \$_____ for the Renewal Term(s).

- Contractor shall notify the Contract Monitor, in writing, at least sixty (60) days before payments reach the NTE Amount. After notification by the Contractor, if the State fails to increase the Contract amount, the Contractor shall have no obligation to perform under this Contract after payments reach the stated amount; provided, however, that, prior to the stated amount being reached, the Contractor shall: (a) promptly consult and work in good faith with the Department to establish a plan of action to assure that every reasonable effort is undertaken by the Contractor to complete State-defined critical work in progress prior to the date the NTE Amount will be reached; and (b) when applicable secure databases, systems, platforms, and applications on which the Contractor is working in an industry standard manner so as to prevent damage or vulnerabilities to any of the same due to the existence of any such unfinished work.
- 4.2 Unless a payment is unauthorized, deferred, delayed, or set-off under COMAR 21.02.07, payments to the Contractor pursuant to this Contract shall be made no later than 30 days after the Department's receipt of a proper invoice from the Contractor as required by RFP section 3.3.
- A. The Contractor may be eligible to receive late payment interest at the rate of 9% per annum if:
- (1) The Contractor submits an invoice for the late payment interest within thirty days after the date of the State's payment of the amount on which the interest accrued; and
 - (2) A contract claim has not been filed under State Finance and Procurement Article, Title 15, Subtitle 2, Annotated Code of Maryland.
- B. The State is not liable for interest:
- (1) Accruing more than one year after the 31st day after the agency receives the proper invoice; or
 - (2) On any amount representing unpaid interest. Charges for late payment of invoices are authorized only as prescribed by Title 15, Subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland, or by the Public Service Commission of Maryland with respect to regulated public utilities, as applicable.
- C. Final payment under this Contract will not be made until after certification is received from the Comptroller of the State that all taxes have been paid.
- D. Electronic funds transfer shall be used by the State to pay Contractor pursuant to this Contract and any other State payments due Contractor unless the State Comptroller's Office grants Contractor an exemption.
- 4.3 In addition to any other available remedies, if, in the opinion of the Procurement Officer, the Contractor fails to perform in a satisfactory and timely manner, the Procurement Officer may refuse or limit approval of any invoice for payment, and may cause payments to the Contractor to be reduced or withheld until such time as the Contractor meets performance standards as established by the Procurement Officer.
- 4.4 Payment of an invoice by the Department is not evidence that services were rendered as required under this Contract.
- 5. Electronic Transaction Fee**
- 5.1 Contractor shall pay an electronic transaction fee to the State in the amount of one percent (1%) of the total contract sales. The electronic transaction fee is calculated based on all sales transacted under the contract, minus any returns or credits. The electronic transaction fee shall not be charged directly to the customer, e.g., as a separate line item, fee or surcharge, but shall be included in the contract's unit prices.

5.2 The electronic transaction fee shall be submitted to the Office of State Procurement, Fiscal Services Division, 301 W. Preston Street, Room 1309, Baltimore, MD, 21201, thirty (30) days after the end of each reporting period along with a **Monthly Usage Report** documenting all contract sales. An excel version of the **Monthly Usage Report** shall be emailed to dgs.statewidecontractsusagereport@maryland.gov.

5.3 Failure to remit transaction fees in a timely manner or remittance of fees inconsistent with the contract's requirements may result in the State exercising all recourse available under the contract including, but not limited to, a third party audit of all contract activity. Should an audit be required by the State, the contractor shall reimburse the State for all costs associated with the audit up to \$10,000.00 or one (1%) percent of the contract's estimated annual value, whichever is higher.

5.4 Prior to Award, Contractors will be asked to confirm in writing that their unit prices include the one percent (1%) electronic transaction fee.

6. Rights to Records

6.1 The Contractor agrees that all documents and materials including, but not limited to, software, reports, drawings, studies, specifications, estimates, tests, maps, photographs, designs, graphics, mechanical, artwork, computations, and data prepared by the Contractor for purposes of this Contract shall be the sole property of the State and shall be available to the State at any time. The State shall have the right to use the same without restriction and without compensation to the Contractor other than that specifically provided by this Contract.

6.2 The Contractor agrees that at all times during the term of this Contract and thereafter, works created as a Deliverable under this Contract (as defined in **Section 7.2**), and services performed under this Contract shall be "works made for hire" as that term is interpreted under U.S. copyright law. To the extent that any products created as a Deliverable under this Contract are not works made for hire for the State, the Contractor hereby relinquishes, transfers, and assigns to the State all of its rights, title, and interest (including all intellectual property rights) to all such products created under this Contract, and will cooperate reasonably with the State in effectuating and registering any necessary assignments.

6.3 The Contractor shall report to the Contract Monitor, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all data delivered under this Contract.

6.4 The Contractor shall not affix any restrictive markings upon any data, documentation, or other materials provided to the State hereunder and if such markings are affixed, the State shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

6.5 Upon termination or expiration of the Contract, the Contractor, at its own expense, shall deliver any equipment, software or other property provided by the State to the place designated by the Procurement Officer.

7. Exclusive Use

7.1 The State shall have the exclusive right to use, duplicate, and disclose any data, information, documents, records, or results, in whole or in part, in any manner for any purpose whatsoever, that may be created or generated by the Contractor in connection with this Contract. If any material, including software, is capable of being copyrighted, the State shall be the copyright owner and Contractor may copyright material connected with this project only with the express written approval of the State.

7.2 Except as may otherwise be set forth in this Contract, Contractor shall not use, sell, sub-lease, assign, give, or otherwise transfer to any third party any other information or material provided to

Contractor by the Department or developed by Contractor relating to the Contract, except as provided for in **Section 9. Confidential or Proprietary Information and Documentation.**

8. Patents, Copyrights, and Intellectual Property

- 8.1 All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date (“Pre-Existing Intellectual Property”). If any design, device, material, process, or other item provided by Contractor is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items pursuant to its rights granted under the Contract.
- 8.2 Except for (1) information created or otherwise owned by the Department or licensed by the Department from third parties, including all information provided by the Department to Contractor; (2) materials created by Contractor or its subcontractor(s) specifically for the State under the Contract (“Deliverables”), except for any Contractor Pre-Existing Intellectual Property included therein; and (3) the license rights granted to the State, all right, title, and interest in the intellectual property embodied in the solution, including the know-how and methods by which the solution is provided and the processes that make up the solution, will belong solely and exclusively to Contractor and its licensors, and the Department will have no rights to the same except as expressly granted in this Contract. Any SaaS Software developed by Contractor during the performance of the Contract will belong solely and exclusively to Contractor and its licensors. For all Software provided by the Contractor under the Contract, Contractor hereby grants to the State a nonexclusive, irrevocable, unlimited, perpetual, non-cancelable, and non-terminable right to use and make copies of the Software and any modifications to the Software. For all Contractor Pre-Existing Intellectual Property embedded in any Deliverables, Contractor grants to the State a license to use such Contractor Pre-Existing Intellectual Property in connection with its permitted use of such Deliverable. During the period between delivery of a Deliverable by Contractor and the date of payment therefor by the State in accordance with this Contract (including throughout the duration of any payment dispute discussions), subject to the terms and conditions contained herein, Contractor grants the State a royalty-free, non-exclusive, limited license to use such Deliverable and to use any Contractor Materials contained therein in accordance with this Contract.
- 8.3 Subject to the terms of **Section 11**, Contractor shall defend, indemnify and hold harmless the State and its agents and employees, from and against any and all claims, costs, losses, damages, liabilities, judgments and expenses (including without limitation reasonable attorneys’ fees) arising out of or in connection with any third party claim that the Contractor-provided products/services infringe, misappropriate or otherwise violate any third party intellectual property rights. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State’s rights or interests, without the State’s prior written consent.
- 8.4 Without limiting Contractor’s obligations under Section 6.3, if an infringement claim occurs, or if the State or the Contractor believes such a claim is likely to occur, Contractor (after consultation with the State and at no cost to the State): (a) shall procure for the State the right to continue using the allegedly infringing component or service in accordance with its rights under this Contract; or (b) replace or modify the allegedly infringing component or service so that it becomes non-infringing and remains compliant with all applicable specifications.
- 8.5 Except as otherwise provided herein, Contractor shall not acquire any right, title or interest (including any intellectual property rights subsisting therein) in or to any goods, Software, technical information, specifications, drawings, records, documentation, data or any other materials (including any derivative works thereof) provided by the State to the Contractor. Notwithstanding

anything to the contrary herein, the State may, in its sole and absolute discretion, grant the Contractor a license to such materials, subject to the terms of a separate writing executed by the Contractor and an authorized representative of the State as well as all required State approvals.

- 8.6 Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall use any Software or technology in a manner that will cause any patents, copyrights or other intellectual property which are owned or controlled by the State or any of its affiliates (or for which the State or any of its subcontractors has received license rights) to become subject to any encumbrance or terms and conditions of any third party or open source license (including, without limitation, any open source license listed on <http://www.opensource.org/licenses/alphabetical>) (each an “Open Source License”). These restrictions, limitations, exclusions and conditions shall apply even if the State or any of its subcontractors becomes aware of or fails to act in a manner to address any violation or failure to comply therewith. No act by the State or any of its subcontractors that is undertaken under this Contract as to any Software or technology shall be construed as intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any open source license.
- 8.7 The Contractor shall report to the Department, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Deliverables delivered under this Contract.
- 8.8 The Contractor shall not affix (or permit any third party to affix), without the Department’s consent, any restrictive markings upon any Deliverables that are owned by the State, and if such markings are affixed, the Department shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

9. Confidential or Proprietary Information and Documentation

- 9.1 Subject to the Maryland Public Information Act and any other applicable laws including, without limitation, HIPAA, the HI-TECH Act, and the Maryland Medical Records Act and regulations promulgated pursuant thereto, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor’s computer systems or cloud infrastructure, if applicable) shall be held in confidence by the other party. Each party shall, however, be permitted to disclose, as provided by and consistent with applicable law, relevant confidential information to its officers, agents, and Contractor Personnel to the extent that such disclosure is necessary for the performance of their duties under this Contract. Each officer, agent, and Contractor Personnel to whom any of the State’s confidential information is to be disclosed shall be advised by Contractor provided that each officer, agent, and Contractor Personnel to whom any of the State’s confidential information is to be disclosed shall be advised by Contractor of the obligations hereunder, and bound by, confidentiality at least as restrictive as those of set forth in this Contract..
- 9.2 The provisions of this section shall not apply to information that: (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already rightfully in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

10. Loss of Data

- 10.1 In the event of loss of any State data or records where such loss is due to the act or omission of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for restoring or recreating, as applicable, such lost data in the manner and on the schedule set by the Contract Monitor. The Contractor shall ensure that all data is backed up and recoverable by the Contractor.

At no time shall any Contractor actions (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms, and applications with which the Contractor is working hereunder.

- 10.2 In accordance with prevailing federal or state law or regulations, the Contractor shall report the loss of non-public data as directed in **RFP Section 3.7**.
- 10.3 Protection of data and personal privacy (as further described and defined in RFP Section 3.8) shall be an integral part of the business activities of the Contractor to ensure there is no inappropriate or unauthorized use of State information at any time. To this end, the Contractor shall safeguard the confidentiality, integrity and availability of State information and comply with the conditions identified in **RFP Section 3.7**.

11. Indemnification and Notification of Legal Requests

- 11.1 At its sole cost and expense, Contractor shall (i) indemnify and hold the State, its employees and agents harmless from and against any and all claims, demands, actions, suits, damages, liabilities, losses, settlements, judgments, costs and expenses (including but not limited to attorneys' fees and costs), whether or not involving a third party claim, which arise out of or relate to the Contractor's, or any of its subcontractors', performance of this Contract and (ii) cooperate, assist, and consult with the State in the defense or investigation of any such claim, demand, action or suit. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State's rights or interests, without the State's prior written consent.
- 11.2 The State has no obligation: (i) to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations or performance under this Contract, or (ii) to pay any judgment or settlement of any such suit, claim or action. Notwithstanding the foregoing, the Contractor shall promptly notify the Procurement Officer of any such claims, demands, actions, or suits.
- 11.3 Notification of Legal Requests. In the event the Contractor receives a subpoena or other validly issued administrative or judicial process, or any discovery request in connection with any litigation, requesting State Pre-Existing Intellectual Property, of other information considered to be the property of the State, including but not limited to State data stored with or otherwise accessible by the Contractor, the Contractor shall not respond to such subpoena, process or other legal request without first notifying the State, unless prohibited by law from providing such notice. The Contractor shall promptly notify the State of such receipt providing the State with a reasonable opportunity to intervene in the proceeding before the time that Contractor is required to comply with such subpoena, other process or discovery request. .

12. Non-Hiring of Employees

No official or employee of the State, as defined under Md. Code Ann., General Provisions Article, §5-101, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall, during the pendency and term of this Contract and while serving as an official or employee of the State, become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

13. Disputes

This Contract shall be subject to the provisions of Md. Code Ann., State Finance and Procurement Article, Title 15, Subtitle 2, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision. Unless a lesser period is provided by

applicable statute, regulation, or the Contract, the Contractor must file a written notice of claim with the Procurement Officer within thirty (30) days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within thirty (30) days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

14. Maryland Law Prevails

- 14.1 This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.
- 14.2 The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland) does not apply to this Contract or any purchase order, task order, or Notice to Proceed issued thereunder, or any software, or any software license acquired hereunder.
- 14.3 Any and all references to the Maryland Code, annotated and contained in this Contract shall be construed to refer to such Code sections as are from time to time amended.

15. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual's refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

16. Contingent Fee Prohibition

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Contractor to solicit or secure the Contract, and that the Contractor has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or any other consideration contingent on the making of this Contract.

17. Non-Availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

18. Termination for Default

If the Contractor fails to fulfill its obligations under this Contract properly and on time, fails to provide any required annual and renewable bond 30 days prior to expiration of the current bond then in effect, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

19. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A (2).

20. Delays and Extensions of Time

- 20.1 The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.
- 20.2 Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

21. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

22. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

23. Financial Disclosure

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which requires that every business that enters into contracts, leases, or other agreements with the State or its agencies during a calendar

year under which the business is to receive in the aggregate, \$200,000 or more, shall within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches \$200,000, file with the Secretary of State of Maryland certain specified information to include disclosure of beneficial ownership of the business.

24. Political Contribution Disclosure

The Contractor shall comply with Election Law Article, Title 14, Annotated Code of Maryland, which requires that every person that enters into a procurement contract with the State, a county, or a municipal corporation, or other political subdivision of the State, during a calendar year in which the person receives a contract with a governmental entity in the amount of \$200,000 or more, shall file with the State Board of Elections statements disclosing: (a) any contributions made during the reporting period to a candidate for elective office in any primary or general election; and (b) the name of each candidate to whom one or more contributions in a cumulative amount of \$500 or more were made during the reporting period. The statement shall be filed with the State Board of Elections: (a) before execution of a contract by the State, a county, a municipal corporation, or other political subdivision of the State, and shall cover the 24 months prior to when a contract was awarded; and (b) if the contribution is made after the execution of a contract, then twice a year, throughout the contract term, on or before: (i) May 31, to cover the six (6) month period ending April 30; and (ii) November 30, to cover the six (6) month period ending October 31. Additional information is available on the State Board of Elections website:

http://www.elections.state.md.us/campaign_finance/index.html.

25. Retention of Records

The Contractor and subcontractors shall retain and maintain all records and documents in any way relating to this Contract for (i) three (3) years after final payment by the State hereunder, or (ii) any applicable federal or State retention requirements (such as HIPAA) or condition of award, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, as designated by the Procurement Officer, at all reasonable times. The Contractor shall provide copies of all documents requested by the State, including, but not limited to itemized billing documentation containing the dates, hours spent and work performed by the Contractor and its subcontractors under the Contract. All records related in any way to the Contract are to be retained for the entire time provided under this section.

26. Right to Audit

26.1 The State reserves the right, at its sole discretion and at any time, to perform an audit of the Contractor's performance under this Contract. An audit is defined as a planned and documented independent activity performed by qualified personnel, including but not limited to State and federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor's compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the services performed pursuant to the Contract.

26.2 Upon three (3) Business Days' notice, the State shall be provided reasonable access to Contractor's records to perform any such audits. The Department may conduct these audits with any or all of its own internal resources or by securing the services of a third party accounting or audit firm, solely at the Department's election. The Department may copy any record related to the services performed pursuant to the Contract. The Contractor agrees to fully cooperate and assist in any audit conducted by or on behalf of the State, including, by way of example only, making records and employees available as, where, and to the extent requested by the State and by assisting the auditors in reconciling any audit variances. Contractor shall not be compensated for providing any such cooperation and assistance.

- 26.3 The right to audit shall include any of the Contractor's subcontractors including but not limited to any lower tier subcontractor(s). The Contractor shall ensure the Department has the right to audit such subcontractor(s).

27. Compliance with Laws

The Contractor hereby represents and warrants that:

- (a) It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- (b) It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the Term;
- (c) It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- (d) It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

28. Cost and Price Certification

- 28.1 The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of the date of its Proposal.
- 28.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

29. Subcontracting; Assignment

The Contractor may not subcontract any of its obligations under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer, each at the State's sole and absolute discretion; provided, however, that a Contractor may assign monies receivable under a contract after written notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor's obligations to its subcontractors.

30. Limitations of Liability

- 30.1 Contractor shall be liable for any loss or damage to the State occasioned by the acts or omissions of Contractor, its subcontractors, agents or employees as follows:
- (a) For infringement of patents, trademarks, trade secrets and copyrights as provided in **Section 8 "Patents, Copyrights, Intellectual Property"** of this Contract;
 - (b) Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and
 - (c) For all other claims, damages, loss, costs, expenses, suits or actions in any way related to this Contract and regardless of the basis on which the claim is made, Contractor's liability shall not exceed two (2) times the total value of the Contract or \$1,000,000, whichever is greater. The above limitation of liability is per incident.

- (d) In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that all subcontractors shall be held to be agents of Contractor.
- 30.2 Contractor's indemnification obligations for Third party claims arising under Section 11 ("Indemnification") of this Contract are included in this limitation of liability only if the State is immune from liability. Contractor's indemnification liability for third party claims arising under Section 11 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 11.
- 30.3 In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that it is responsible for performance of the services and compliance with the relevant obligations hereunder by its subcontractors.
- 31.1 Commercial Nondiscrimination**
- 31.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability, or otherwise unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.
- 31.2 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions.
- 31.3 The Contractor shall include the language from 30.1, or similar clause approved in writing by the Department, in all subcontracts.

32. Prompt Pay Requirements

- 32.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Department, at its option and in its sole discretion, may take one or more of the following actions:
- (a) Not process further payments to the Contractor until payment to the subcontractor is verified;
 - (b) Suspend all or some of the Contract work without affecting the completion date(s) for the Contract work;
 - (c) Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due to the Contractor;
 - (d) Place a payment for an undisputed amount in an interest-bearing escrow account; or
 - (e) Take other or further actions as appropriate to resolve the withheld payment.
- 32.2 An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation: (a) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (b) an amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.
- 32.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Department concerning a withheld payment between the Contractor and a subcontractor under this **section 31**, may not:
- (a) Affect the rights of the contracting parties under any other provision of law;
 - (b) Be used as evidence on the merits of a dispute between the Department and the Contractor in any other proceeding; or
 - (c) Result in liability against or prejudice the rights of the Department.
- 32.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the MBE program.
- 32.5 To ensure compliance with certified MBE subcontract participation goals, the Department may, consistent with COMAR 21.11.03.13, take the following measures:
- (a) Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate:
 - i. Inspecting any relevant records of the Contractor;
 - ii. Inspecting the jobsite; and
 - iii. Interviewing subcontractors and workers.Verification shall include a review of:
 - i. The Contractor’s monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
 - ii. The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.
 - (b) If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings,

and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

- (c) If the Department determines that the Contractor is in material noncompliance with MBE Contract provisions and refuses or fails to take the corrective action that the Department requires, then the Department may:
 - i. Terminate the Contract;
 - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
 - iii. Initiate any other specific remedy identified by the Contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
- (d) Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

33. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the Department may withhold payment of any invoice or retainage. The Department may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

34. Use of Estimated Quantities

Unless specifically indicated otherwise in the State's solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

35. Risk of Loss; Transfer of Title

Risk of loss for conforming supplies, equipment, materials and Deliverables furnished to the State hereunder shall remain with the Contractor until such supplies, equipment, materials and Deliverables are received and accepted by the State, following which, title shall pass to the State.

36. Effect of Contractor Bankruptcy

All rights and licenses granted by the Contractor under this Contract are and shall be deemed to be rights and licenses to "intellectual property," and the subject matter of this Contract, including services, is and shall be deemed to be "embodiments of intellectual property" for purposes of and as such terms are used and interpreted under § 365(n) of the United States Bankruptcy Code ("Code") (11 U.S.C. § 365(n) (2010)). The State has the right to exercise all rights and elections under the Code and all other applicable bankruptcy, insolvency and similar laws with respect to this Contract (including all executory statement of works). Without limiting the generality of the foregoing, if the Contractor or its estate becomes subject to any bankruptcy or similar proceeding: (a) subject to the State's rights of election, all rights and licenses granted to the State under this Contract shall continue subject to the respective terms and conditions of this Contract; and (b) the State shall be entitled to a complete duplicate of (or complete access to, as appropriate) all such intellectual property and embodiments of intellectual property, and the same, if not already in the State's possession, shall be promptly delivered to the State, unless the Contractor elects to and does in fact continue to perform all of its obligations under this Contract.

37. Miscellaneous

- 37.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this Contract shall survive termination or expiration of this Contract and continue in full force and effect.
- 37.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.
- 37.3 The headings of the sections contained in this Contract are for convenience only and shall not be deemed to control or affect the meaning or construction of any provision of this Contract.
- 37.4 This Contract may be executed in any number of counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Signatures provided by facsimile or other electronic means, e.g, and not by way of limitation, in Adobe .PDF sent by electronic mail, shall be deemed to be original signatures.

38. Contract Monitor and Procurement Officer

- 38.1 The State representative for this Contract who is primarily responsible for Contract administration functions, including issuing written direction, invoice approval, monitoring this Contract to ensure compliance with the terms and conditions of the Contract, monitoring MBE and VSBE compliance, and achieving completion of the Contract on budget, on time, and within scope. The Contract Monitor may authorize in writing one or more State representatives to act on behalf of the Contract Monitor in the performance of the Contract Monitor's responsibilities. The Department may change the Contract Monitor at any time by written notice to the Contractor.
- 38.2 The Procurement Officer has responsibilities as detailed in the Contract, and is the only State representative who can authorize changes to the Contract. The Department may change the Procurement Officer at any time by written notice to the Contractor.

40. Compliance with Federal Health Insurance Portability and Accountability Act (HIPAA) and State Confidentiality Law

40.1 The Contractor acknowledges its duty to become familiar with and comply, to the extent applicable, with all requirements of the federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. § 1320d et seq., and implementing regulations including 45 C.F.R. Parts 160 and 164. The Contractor also agrees to comply with the Maryland Confidentiality of Medical Records Act (MCMRA), Md. Code Ann. Health-General §§ 4-301 et seq. This obligation includes:

- (a) As necessary, adhering to the privacy and security requirements for protected health information and medical records under HIPAA and MCMRA and making the transmission of all electronic information compatible with the HIPAA requirements;
- (b) Providing training and information to employees regarding confidentiality obligations as to health and financial information and securing acknowledgement of these obligations from employees to be involved in the Contract; and
- (c) Otherwise providing good information management practices regarding all health information and medical records.

40.2 Based on the determination by the Department that the functions to be performed in accordance with the scope of work set forth in the solicitation constitute business associate functions as defined in HIPAA, the selected Offeror shall execute a business associate agreement as required by HIPAA regulations at 45 C.F.R. 164.504 and in the form as required by the Department.

40.3 "Protected Health Information" as defined in the HIPAA regulations at 45 C.F.R. 160.103 and 164.501, means information transmitted as defined in the regulations, that is individually identifiable; that is created or received by a healthcare provider, health plan, public health authority, employer, life insurer, school or university, or healthcare clearinghouse; and that is related to the past, present, or future physical or mental health or condition of an individual, to the provision of healthcare to an individual, or to the past, present, or future payment for the provision of healthcare to an individual. The definition excludes certain education records as well as employment records held by a covered entity in its role as employer.

41. Limited English Proficiency

The Contractor shall provide equal access to public services to individuals with limited English proficiency in compliance with Md. Code Ann., State Government Article, §§ 10-1101 et seq., and Policy Guidance issued by the Office of Civil Rights, Department of Health and Human Services, and MDH Policy 02.06.07.

<<42.>> Parent Company Guarantee (If applicable)

If a Contractor intends to rely on its Parent Company in some manner while performing on the State Contract, the following clause should be included and completed for the Contractor's Parent Company to guarantee performance of the Contractor. The guarantor/Contractor's Parent Company should be named as a party and signatory to the Contract and should be in good standing with SDAT.

(Corporate name of Contractor's Parent Company) hereby guarantees absolutely the full, prompt, and complete performance by (Contractor) of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations, and liabilities. (Corporate name of Contractor's Parent Company) may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. (Corporate name of Contractor's Parent Company) further agrees that if the State brings any claim, action, lawsuit or proceeding against (Contractor), (Corporate name of Contractor's Parent Company) may be named as a party, in its capacity as Absolute Guarantor.

Code Ann., St. Govt. § 10-1301(c) and information not subject to disclosure under the Public Information Act, Title 4 of the General Provisions Article; and information about an individual that (1) can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; or (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information.
- LL. Service Level Agreement (SLA) - Commitment by the Contractor to the Department that defines the performance standards the Contractor is obligated to meet.
- MM. Software - The object code version of computer programs licensed pursuant to this Contract. Embedded code, firmware, internal code, microcode, and any other term referring to software that is necessary for proper operation is included in this definition of Software. Software includes all prior, current, and future versions of the Software and all maintenance updates and error corrections. Software also includes any upgrades, updates, bug fixes or modified versions or backup copies of the Software licensed to the State by Contractor or an authorized distributor.
- NN. Software as a Service (SaaS) - A software licensing and delivery model in which software is licensed on a subscription basis and is centrally hosted. For the purposes of this RFP, the terms SaaS and PaaS are considered synonymous and the term SaaS will be used throughout this document.
- OO. State – The State of Maryland.
- PP. Source Code – Executable instructions for Software in its high level, human readable form which are in turn interpreted, parsed and/or compiled to be executed as part of a computing system.
- QQ. System Availability – The period of time the Solution works as required excluding non-operational periods associated with planned maintenance.
- RR. System Documentation – Those materials necessary to wholly reproduce and fully operate the most current deployed version of the Solution in a manner equivalent to the original Solution including, but not limited to:
- 1) Source Code: This includes source code created by the Contractor or subcontractor(s) and source code that is leveraged or extended by the Contractor for use in the Contract;
 - 2) All associated rules, reports, forms, templates, scripts, data dictionaries and database functionality;

- 3) All associated configuration file details needed to duplicate the run time environment as deployed in the current deployed version of the system;
 - 4) All associated design details, flow charts, algorithms, processes, formulas, pseudo-code, procedures, instructions, help files, programmer's notes and other documentation;
 - 5) A complete list of Third Party, open source, or commercial software components and detailed configuration notes for each component necessary to reproduce the system (e.g., operating system, relational database, and rules engine software);
 - 6) All associated user instructions and/or training materials for business users and technical staff, including maintenance manuals, administrative guides and user how-to guides; and
 - 7) Operating procedures.
- SS. Technical Safeguards – The technology and the policy and procedures for its use that protect State Data and control access to it.
- TT. Third Party Software – Software and supporting documentation that:
- 1) are owned by a third party, not by the State, the Contractor, or a subcontractor;
 - 2) are included in, or necessary or helpful to the operation, maintenance, support or modification of the Solution; and
 - 3) are specifically identified and listed as Third Party Software in the Proposal.
- UU. Total Proposal Price - The Offeror's total price for goods and services in response to this solicitation, included in Financial Proposal **Attachment B** – Financial Proposal Form.
- VV. Upgrade - A new release of any component of the Solution containing major new features, functionality and/or performance improvements.
- WW. Veteran-owned Small Business Enterprise (VSBE) – A business that is verified by the Center for Verification and Evaluation (CVE) of the United States Department of Veterans Affairs as a veteran-owned small business. See Code of Maryland Regulations (COMAR) 21.11.13.
